Why you need coverage

Health coverage is something you can’t afford to be without. Kaiser Permanente makes it easy for you to get great care and coverage.

Health care reform – what you should know

Legally, most U.S. residents must have health coverage. If you don’t, you may have to pay a tax penalty to the federal government.

Why choose Kaiser Permanente?

• All the plans in this guide meet the standards of health care reform. They offer the same basic services, such as doctor visits, hospital care, prescriptions, and preventive care at no cost.
• You can buy one of our plans from us or through the Health Insurance Marketplaces.

Health coverage – why you need it

Almost everyone gets sick or hurt, or needs medical care at some point. Health coverage helps you pay for the care you need to get better – like seeing a doctor, staying in a hospital, or taking medication.

Health coverage also covers care that helps you stay healthy. Preventive care – like mammograms and cholesterol tests – can help catch health problems early, when they’re easier to treat.

Without coverage, paying for all this care can be difficult. High medical bills can even wipe out savings or lead to personal bankruptcy.

Join our 4-star health plan today

We’re proud to be awarded the highest rating of 4 stars from Covered California based on member satisfaction with access, customer service, and medical care.* But we’re even happier knowing that we can help our members statewide be their healthiest.

*Health Insurance Company Quality Rating System, Covered California, October 2015. These scores are based on California data collected by the nationally recognized Consumer Assessment of Healthcare Providers and Systems (CAHPS).

Important deadlines

There’s a deadline to apply for health care coverage, whether you apply during open enrollment or during a special enrollment period.

Enrolling during the 2017 open enrollment period

You may change or apply for 2017 coverage during the open enrollment period, which runs from November 1, 2016, through January 31, 2017. You can do so either through Covered California or through Kaiser Permanente.

Enrolling during a special enrollment period

You also may enroll or change your coverage if you experience what’s known as a triggering event. Examples of triggering events include getting married, having a baby, and losing coverage because you lost your job.

From the date of your triggering event, the special enrollment period generally lasts 60 days. That means you have 60 days to change or apply for coverage for you and/or your dependents. If you know that you’ll be losing coverage, you can also apply for new coverage 60 days in advance.

For more information, please refer to the Enrolling During a Special Enrollment Period guide. If you didn’t receive this guide, you can find it at buykp.org/apply, or you may call 1-800-494-5314 (for TTY, call 711) to request a copy.

Understanding health plans

We offer a variety of plans to fit your needs and budget. All of them offer the same quality care, but the way they split the costs between the member and the health plan is different. Learn more below.

Copay and coinsurance plans

Platinum, Gold
Copay and coinsurance plans are the simplest. You know in advance how much you will pay for things like doctor visits and prescriptions. Your monthly rate is higher, but you'll pay much less when you actually get care.

Deductible plans

Silver, Bronze
With a deductible plan, your monthly rate is lower, but you'll have to reach a deductible. This means you'll pay the full charges for covered services until you reach a set amount known as your deductible. Then you'll start paying less – just a copay or coinsurance. Depending on your plan, some services, like office visits or prescriptions, may be available at a copay or coinsurance before you meet your deductible.

HDHP plans (HSA-qualified deductible plans)

Silver, Bronze
High deductible health plans (HDHPs) are deductible plans with a special feature. With this plan, you can set up a health savings account (HSA) to pay for health costs like copays, coinsurance, and deductible payments. And you won't pay federal taxes on the money in this account.

You can use your HSA anytime to pay for care, including some services that may not be covered by your plan, such as eyeglasses, adult dental care, or chiropractic services.* And if you have money left in your HSA at the end of the year, it will roll over for you to use the next year.

*For a complete list of services you can use your HSA to pay for, see Publication 502, Medical and Dental Expenses, at irs.gov.

Have questions? Call us at 1-800-494-5314. • Go to buykp.org/apply • Or contact your agent or broker.
Choosing a plan based on your care needs

If you need a lot of care, you may want a plan with a higher monthly rate so that you pay less when you come in for care. If you don’t go to the doctor much, you may want a plan with a lower monthly rate, keeping in mind you’ll pay more if and when you do get care.

An example of costs when you get care

Let's say you hurt your ankle. You visit your primary care doctor, who orders an X-ray. It’s just a sprain, so the doctor prescribes a generic pain medication. Here’s a sample of what you would pay out of pocket for these services with each type of health plan.

**Annual deductible**
You need to pay this amount before your plan starts helping you pay for most covered services. Under this sample plan, you’d pay the full charges for covered services until you reach $2,500 for yourself or $5,000 for your family. Then you’d start paying copays or coinsurance.

**Annual out-of-pocket maximum**
This is the most you’ll pay for care during the calendar year before your plan starts paying 100% for most covered services. In this example, you’d never pay more than $6,800 for yourself and no more than $13,600 for your family for your copays, coinsurance, and deductible in a calendar year.

**Preventive care at no charge**
Most preventive care services—including routine physical exams and mammograms—are covered at no charge. Plus, they’re not subject to the deductible.

**Covered before you reach the deductible**
With some services, you’ll only pay a copay or coinsurance, regardless of whether you’ve reached your deductible. Under this plan, primary care visits are covered at a $35 copay—even before you meet your deductible. With our Silver deductible plans, primary care, specialty care, and urgent care visits all are covered before you reach the deductible.

**Coinsurance**
After reaching your deductible, this is a percentage of the charges that you may pay for covered services. Here, you’d pay 20% of the cost per day for your inpatient hospital care after you reach your deductible. Your plan would pay the rest for the remainder of the calendar year.

**Copay**
This is the set amount you pay for covered services, usually after you reach your deductible. In this example, you’d start paying a $35 copay for urgent care visits, whether or not you have met your deductible.
**Financial assistance options with lower copays, coinsurance, and deductibles are available for certain plans, and for Native Alaskans and American Indians on CoveredCA.com.**

Optional Adult Dental Insurance Plan

Kaiser Permanente health plans include pediatric dental benefits for child members until the end of the month in which the member turns 19. (For example, if a child member turns 19 on May 15, they would have dental coverage through May 31.) For adults, which includes those individuals whose eligibility for pediatric dental services has ended, we offer this optional Dental Insurance Plan.

How to enroll
To enroll in the optional adult Dental Insurance Plan, simply check the right box on your application.

- If you choose not to enroll at this time, you won’t be able to enroll again until your next open enrollment period.
- Dental coverage can only be purchased if you enroll or are currently enrolled in a Kaiser Permanente health plan.
- Once enrolled, you can’t cancel your dental coverage without canceling your regular health coverage, unless you make the change during open enrollment or a special enrollment period.

About the plan
Our dental plan features comparably low costs. Plus, you can choose from more than 25,000 Delta Dental providers in California, or select any other licensed dentist of your choice.

*The Table of Allowances lists the maximum amount, or allowance, that the plan will pay for each covered dental service. The plan will pay the lowest dollar amount among the following three: the dentist’s usual, customary, and reasonable fee; the fee actually charged; or the allowance. Any difference between the allowance and the dentist’s fee will be the responsibility of the patient.

†Plan payment amounts are only a sample and are to be used for illustrative purposes only. Please refer to the Table of Allowances in the Certificate of Insurance for an accurate and complete list of benefits and allowances, as well as treatments and services not covered. To receive a Certificate of Insurance, call Delta Dental of California.

‡The waiting period is the period of time you and your covered dependents are required to be continuously covered under the Dental Insurance Plan before a specific dental service becomes a covered benefit.
How the plan works

- **No deductible for preventive services.** The deductible is the amount you pay for covered services each year before Delta Dental starts paying. With this plan, there’s no deductible for preventive or diagnostic services like cleanings and X-rays. For other services, there’s a $25 annual deductible per person, up to a maximum of $75 for your whole family.

- **Coverage requirements.** If you enroll, every adult member of your family (which includes those individuals whose eligibility for pediatric dental services has ended) who’s covered by your regular health plan must also be enrolled. In other words, you can’t choose to enroll some members of your family in the dental plan and not others.

- **Annual maximum.** The plan will pay up to $1,000 toward dental services for each covered member per year.

- **Waiting periods.** Some covered dental services are subject to a waiting period before the plan will cover the charges.* See the Table of Allowances in your Certificate of Insurance for the specific dental services subject to waiting periods.

You may qualify for federal financial assistance

Do you need help paying for health care? Under health care reform, the federal government will provide federal financial assistance for many people, depending on their income. Learn more below.

3 things to know:
- Financial assistance is available for premiums and out-of-pocket expenses.
- If you qualify for assistance, the federal government will pay it directly to us.
- Assistance is available on a sliding scale, based on income and family size.

Determine if you qualify

Call us at 1-800-494-5314 or go to CoveredCA.com to see if you qualify for assistance. Or contact your agent or broker.

Both your eligibility and the exact amount of your financial assistance will be determined by Covered California.

To quickly check if you may be eligible, use this chart, which shows the estimated 2016 family income levels that qualify people for help with paying premiums.

You can also use our online calculator to find out if you may qualify. Just go to buykp.org.

If you do qualify

If you qualify, you’ll need to buy your plan through Covered California. If you’d like, we can help you enroll in one of our plans there. Just call us at 1-800-494-5314.

Keep in mind that enrolling in a new plan will not end any other coverage you have through Covered California or Kaiser Permanente. Don’t want to pay for 2 plans? Be sure to end your current plan the day before your new plan starts. That way, you’ll avoid paying 2 premiums and having a gap in your coverage.

If you don’t qualify

Even if you can’t get assistance from the federal government, you can buy a Kaiser Permanente plan from us or through Covered California.
