Benefit and Payment Chart

About this Chart
This benefit and payment chart:

- Is a summary of covered services and other benefits. It is not a complete description of your benefits. For coverage criteria, description and limitations of covered Services, and excluded
Services, be sure to read Chapter 1: Important Information, Chapter 3: Benefit Description, and Chapter 4: Services Not Covered.

- Tells you if a covered service or supply is subject to limits or referrals.
- Gives you the page number where you can find the description of your services and other benefits.
- Tells you what your Cost Share is for covered services and supplies.

Note: Special limits may apply to services or other benefits listed in this benefit and payment chart. Please read the benefit description found on the page referenced by this chart.

You only pay a single Cost Share for covered benefits you receive in the Total Care Service settings. If your care is not received in a Total Care setting, you pay the Cost Share for each medical service or item in accord with its relevant benefit section.

Remember, services and other benefits are available only for care you receive when provided, prescribed, or directed by your KP Hawaii Care Team except for care for Emergency Services and out-of-state Urgent Care. To find a Medical Office near you visit our website at www.kp.org. For more information on these services see Chapter 3: Benefit Description. You are encouraged to choose a Personal Care Physician (PCP). You may choose any PCP that is available to accept you. Parents may choose a pediatrician as the PCP for their child.

You do not need a referral or prior authorization to obstetrical or gynecological care from a health care professional who specializes in obstetrics or gynecology. Your Physician, however, may have to get prior authorization for certain Services. Additionally, in accord with state law, you do not need a referral or prior authorization to obtain access to physical therapy from a physical therapist or Physician who specialized in physical therapy.

Members age 65 and over (excluding Tax Equity and Fiscal Responsibility Act of 1982 “TEFRA” members) must meet the required eligibility requirements to receive the benefit of either 1) those listed in this Benefit Summary, or 2) benefits covered under Original Medicare. See Chapter 9: Coordination of Benefits. Senior Advantage Members, please refer to your Senior Advantage Evidence of Coverage.

Miscellaneous Exclusions

Habilitative Services: You are not covered for:

- Routine vision services; and
- Duplicate services provided by another therapy or available through schools and/or government programs

Erectile Dysfunction: You are not covered for drugs, injections, equipment, supplies, prosthetics, devices and aids related to treatment of erectile (sexual) dysfunction, except as described in this Rider.

If two or more Services are part of the same plan treatment or diagnosis, all of the Services are excluded if one of the Services is a Clinic Trial.

Note: Services received in connection with a clinical trial are covered subject to the cost shares listed in the Benefit Summary at the beginning of this Guide, if all of the following conditions are met:

We would have covered the services if they were not related to a clinical trial.

You are eligible to participate in the clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening condition (a condition from which the likelihood of death is probable unless the course of the condition is interrupted), as determined in one of the following ways:

- A Physician makes this determination.
- You provide us with medical and scientific information establishing this determination.

If we participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through us unless the clinical trial is outside the state where you live.

The clinical trial is a phase I, phase II, phase III, or phase IV clinical trial related to the prevention, detection, or treatment of cancer or other life-threatening condition and it meets one of the following requirements:

- The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.
- The study or investigation is a drug trial that is exempt from having an investigational new drug application.
- The study or investigation is approved or funded by at least one of the following:
  - The National Institutes of Health.
  - The Centers for Disease Control and Prevention.
  - The Agency for Health Care Research and Quality.
  - The Centers for Medicare & Medicaid Services.
  - A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs.
  - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.

The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:

- It is comparable to the National Institutes of Health system of peer review of studies and investigations.
- It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.
You are not covered for the investigational service. You are not covered for services provided solely for data collection and analysis and that are not used in the direct clinical management.

Chapter 10: Additional Provisions

Miscellaneous Provisions

Essential Health Benefits (EHBs)
Essential Health Benefits (EHBs) are benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. EHBs include ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance abuse disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services to the extent required by HHS and the EHB-benchmark plan. These EHBs are subject to change at any time to conform to applicable laws and regulations. This list is available through our Member Services department.

Health Plan certifies that this EOC covers Essential Health Benefits to the full extent required by law, except pediatric oral care services are not covered. Coverage for pediatric oral care should either be obtained via a stand-alone (independent) dental plan or via a “bundled” qualified health plan (QHP) purchased from Kaiser Permanente Hawaii Region (if purchased through us, the benefit will be described in the Benefit Summary in the front of this Guide), in accordance with applicable law. “Bundled” qualified health plans are medical plans that have been certified and approved as a QHP, in accordance with the Patient Protection and Affordable Care Act, and are bundled with a stand-alone exchange-certified pediatric dental plan from Hawaii Dental Service (HDS). Information regarding dental benefits should be obtained directly from HDS.

All other terms of coverage in this EOC applicable to Essential Health Benefits remain effective, including but not limited to the Exclusions and Limitations section of this EOC and the requirement that covered services be provided by or arranged by a Physician and be provided at a Medical Office, Hospital or Skilled Nursing Facility, except where such terms of coverage are specifically limited in this EOC (such as for emergency services) or would violate applicable law.

EHBs are provided upon payment of any applicable Deductible and Cost Shares listed in the Benefit Summary in the front of this Guide.

This section describes EHBs that are not described in other parts of this Guide. These EHBs are subject to all coverage requirements described in other parts of this EOC.

Payments toward EHBs count toward your Annual Copayment Maximum described in the Benefit Summary found in the front of this Guide, and Chapter 2: Payment Definitions and Information.

Chapter 3: Benefit Description

Self-administered Prescription Drugs
(at Kaiser Permanente Pharmacies)

Covered Drugs and Supplies
We cover self-administered prescription drugs and supplies only if all of the following conditions are met:

- prescribed by a KP physician or licensed Prescriber,
- is a drug for which a prescription is required by law, except for insulin,
- obtained at pharmacies in the Service Area that are operated by Kaiser Foundation Hospital, Kaiser Foundation Health Plan, Inc. or a pharmacy we designate,
- listed on the Kaiser Permanente formulary and used in accordance with formulary guidelines or restrictions, and
- is a drug which does not require administration by nor observation by medical personnel.

Notes: Immunizations are described in Chapter 3: Benefit Description under Routine and Preventive. Contraceptive drugs and devices are described in Chapter 3: Benefit Description under Routine and Preventive. Diabetic equipment and supplies are described in Chapter 3: Benefit Description under Durable Medical Equipment (DME) and Prescription Drug.

Cost Share for Covered Drugs and Supplies
When you get a prescription from a Kaiser Permanente Pharmacy, pharmacy we designate, or order a prescription from our Kaiser Permanente Mail-Order Pharmacy, you pay the Cost Share as shown in the above Benefit Summary. A reasonable charge is made for prescribed quantities in excess of the amounts described in the Benefit Summary. Each refill of the same prescription will also be provided at the same charge.

The Cost Share amounts count toward the Annual Copayment Maximum (or the Annual Prescription Drug Copayment Maximum if you have one listed in the above Benefit Summary). This applies for each covered prescription.

If you get a prescription from a non-Kaiser Permanente pharmacy, you will be responsible for 100% of the charges because it is not covered under this Prescription Drug Rider.

Day Supply Limit
The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-consecutive-day (or any other number of days) supply for you. Dispensing limitations may apply within the 30-consecutive-day supply period for certain drugs. When you pay the Cost Share shown in the Benefit Summary, you will receive the prescribed supply up to the day supply limit.

How to Get Covered Drugs or Supplies
Our pharmacies are located in most Kaiser Permanente clinics. To find a pharmacy, please see your Caring for You: Physicians and Locations Directory, visit kp.org, or contact Member Services. You must
present your KP membership ID card, which has your medical record number, and a photo ID to the pharmacist.

Our mail-order pharmacy offers postage-paid delivery for refills of Maintenance drugs. Some drugs and supplies are not available through our mail-order pharmacy, for example controlled substances as determined by state and/or federal regulations, bulky items, drugs that require special handling or refrigeration, injectables, and other products and dosage forms as identified by the Kaiser Permanente Pharmacy and Therapeutics Committee. Drugs and supplies available through our mail-order pharmacy are subject to change at any time without notice. We are not licensed to mail medications out of state, so mail order drugs will not be mailed to addresses outside of the Service Area.

If you would like to use our mail-order pharmacy, use one of the methods below:

- For the quickest turnaround time, order online at kp.org.
- Order via our automated prescription refill service by calling (808) 643-7979, press 1.

- Order via our Pharmacy Refill Center at (808) 643-7979, press 3 then press 5, Monday to Friday, 8:30 a.m. to 5 p.m. TTY users may call 1-877-447-5990.

Definitions
The following terms, when capitalized and used in this Prescription Drug Rider mean:

- **Generic Drug.** A drug that is on the Health Plan formulary, contains the same active ingredient as a Brand-Name Drug, is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent, and having the same active ingredients(s) as the Brand-name Drug. Generic Drugs are produced and sold under their Generic names after the patent of the Brand-Name drug expires. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.

- **Maintenance Drug.** A drug to treat chronic conditions, such as asthma, high blood pressure, diabetes, high cholesterol, cardiovascular disease, mental health, and are on the Health Plan formulary.

- **Generic Maintenance Drug.** A specific Generic Drug to treat chronic conditions and is on Health Plan’s approved list. Note: Not all Generic Drugs to treat chronic conditions are considered Generic Maintenance Drugs.

- **Brand-name Drug.** Drugs approved by the U.S. Food and Drug Administration (FDA), produced and sold under the original manufacturer’s Brand-name, and are on the Health Plan formulary. Brand-name drugs include single source drugs (where there is only one approved product available for that active ingredient, dosage form, route of administration, and strength).

- **Specialty Drug.** A very high-cost drug approved by the U.S. Food and Drug Administration (FDA) that are on the Health Plan formulary.

- **Annual Prescription Drug Copayment Maximum.** The Annual Prescription Drug Copayment Maximum is the maximum amount for Pharmacy Dispensed Drugs you pay out of your pocket in a calendar year. Once you meet the Annual Prescription Drug Copayment Maximum, you are no longer responsible for Cost Share amounts for covered Pharmacy Dispensed Drugs for the remainder of that calendar year.
  - "Pharmacy Dispensed Drugs” include all covered safe to self-administer pharmacy dispensed drugs, including but not limited to inhalers, insulin, chemotherapy drugs, contraceptive drugs/devices, and tobacco cessation drugs.
  - All incurred Cost Share and prescription drug deductibles (if applicable) for Pharmacy Dispensed Drugs count toward the Annual Prescription Drug Copayment Maximum, and are credited toward the calendar year in which they were received.
  - Note: The following medical items count toward the Annual Copayment Maximum and not the Annual Prescription Drug Copayment Maximum: skilled administered drugs, diabetes
supplies to operate diabetes equipment, lancets, syringes, and drugs that are not dispensed from the pharmacy because they are not safe to self-administer.

- Payments made by you or on your behalf for non-covered services, or for benefits excluded under this EOC do not count toward the Annual Copayment Maximum nor the Prescription Drug Copayment Maximum.
- It is recommended that you keep receipts as proof of your payments. All payments are credited toward the calendar year in which the services were received.

**Annual Prescription Drug Deductible.** The Annual Prescription Drug Deductible is the amount you must pay for certain types of self-administered prescription drugs in a calendar year before we will cover those drugs. Once you meet the Annual Prescription Drug Deductible, you are no longer responsible for prescription drug deductible amounts for the remainder of the calendar year, and you pay the Cost Share shown in the Benefit Summary.

- Each Member must meet the “per Member” Annual Prescription Drug Deductible, or the Family Unit must meet the “family unit” Annual Drug Deductible.
- The “per Member” Annual Prescription Drug Deductible amount counts toward the “per family unit” Annual Prescription Drug Deductible amount. Once the “per Member” Annual Prescription Drug Deductible is satisfied, no further Annual Prescription Drug Deductible will be due for that Member for the remainder of the calendar year. Once the “per family unit” Annual Prescription Drug Deductible is satisfied, no further “per Member” Prescription Drug Deductibles will be due for the remainder of the calendar year.
- The Annual Prescription Drug Deductible is separate from any other deductible that may be described in the Benefit Summary in the front of this Guide. Payments toward the Annual Prescription Drug Deductible do not count toward any other deductible. Consequently, payments toward any other deductible do not count toward the Annual Prescription Drug Deductible.
- Payments toward the Annual Prescription Drug Deductible also count toward the limit on Annual Prescription Drug Copayment Maximum.

**About Our Drug Formulary**

Our drug formulary is considered a closed formulary, which means that medications on the list are usually covered under the prescription drug rider. However, drugs on our formulary may not be automatically covered under your prescription drug rider depending on which plan you’ve selected. Even though nonformulary drugs are generally not covered under your prescription drug rider, your Kaiser Permanente physician can sometimes request a nonformulary drug for you, specifically when formulary alternatives have failed or use of nonformulary drug is Medically Necessary, provided -- the drug is not excluded under the prescription drug rider.

Kaiser Permanente pharmacies may substitute a chemical or generic equivalent for a brand-name/specialty drug unless this is prohibited by your Kaiser Permanente physician. If you want a brand-name/specialty drug for which there is a generic equivalent, or if you request a non-formulary drug, you will be charged Member Rates for these selections, since they are not covered under your prescription drug rider. If your Kaiser Permanente physician deems a higher priced drug to be Medically Necessary when a less expensive drug is available, you pay the usual drug Cost Share. If you request the higher priced drug and it has not been deemed Medically Necessary, you will be charged Member Rates.

Note: If your prescription allows refills, there are limits to how early you can receive a refill. We will refill your prescription when you have used at least 75 percent of the quantity, unless otherwise directed by Kaiser Permanente. Please ask your pharmacy if you have questions about when you can get a covered refill.
Chapter 4: Services Not Covered

- Drugs for which a prescription is not required by law (e.g. over-the-counter drugs) including condoms, contraceptive foams and creams or other non-prescription substances used individually or in conjunction with any other prescribed drug or device. This exclusion does not apply to tobacco cessation drugs and products as described in Chapter 3: Benefit Description under Prescription Drugs.
- Drugs in the same therapeutic category as the non-prescription drug, as approved by the Kaiser Permanente Pharmacy & Therapeutics Committee.
- Drugs obtained from a non-Kaiser Permanente pharmacy.
- Non-prescription vitamins.
- Drugs when used primarily for cosmetic purposes.
- Medical supplies such as dressings and antiseptics.
- Reusable devices such as blood glucose monitors and lancet cartridges.
- Diabetes supplies such as blood glucose test strips, lancets, syringes and needles. This exclusion does not apply to diabetes supplies as described in Chapter 3: Benefit Description under Diabetic Supplies.
- Non-formulary drugs unless specifically prescribed and authorized by a Kaiser Permanente physician/licensed prescriber, or prescriber we designate.
- Brand-name/specialty drugs requested by a Member when there is a generic equivalent.
- Prescribed drugs that are necessary for or associated with excluded or non-covered services, except for Senior Advantage Members with Medicare Part D.
- Drugs not included on the Health Plan formulary, unless a non-formulary drug has been specifically prescribed and authorized by the licensed Prescriber.
- Drugs to shorten the duration of the common cold.
- Abortion drugs (such as RU-486).
- Any packaging, such as blister or bubble repacking, other than the dispensing pharmacy’s standard packaging.

All Kaiser Permanente Hawaii members 16 years and older, except Medicare and QUEST Integration (Medicaid) members, are eligible.

I recently changed jobs/employers. Is my KP Fit Rewards benefit transferrable?
No. KP Fit Rewards is not transferrable between jobs or employers. Fit Rewards does not transfer to another Kaiser Permanente plan if you change employers and/or KP plan coverage during the year.

If I change jobs/employers, do I have to pay my annual program fee again?
Yes. If you change employers and/or KP plan coverage during the calendar year, you will be asked to pay your KP Fit Rewards annual program fee again.

ENOBLLEMENT & PAYMENT

How do I enroll in Kaiser Permanente Fit Rewards if I did not participate in KP Fit Rewards in 2018?
1. Starting January 1, 2019, go to kp.org/activeandfit and register to use the website.
2. Choose a participating fitness center in the tier (1 through 4) and price point that works best for you and pay your annual program fee of $200 online. For tiers 2, 3 and 4, you may be responsible for an additional monthly fee; your current and next month's fee are due upon enrollment. If you do not have access to the internet, you may also pay by calling toll free 1-877-750-2746, Monday through Friday, 5 a.m. to 6 p.m., Pacific time.
3. Download your Active&Fit® Card and bring it on your first visit to your fitness center.

What is not included in the Kaiser Permanente Fit Rewards annual program fee?
Higher rates (for tiers 2, 3, and 4), taxes, and additional fees you pay your fitness center for classes, services, or amenities are not included in your Kaiser Permanente Fit Rewards annual program fee and are not eligible for a reward.

How can I earn a reward if my fitness center is not a participating fitness center in tiers 1 through 4?
Tier 5 allows you to go to any qualified out-of-network fitness center and use the ASHConnect™ mobile app to track visits. Qualified fitness centers must offer regular cardiovascular, flexibility, and/or resistance training exercise programs; established physical facility must offer a membership agreement; and must be overseen by staff. Fitness centers outside of the 50 U.S. states and the District of Columbia do not qualify.
PARTICIPATING FITNESS CENTERS
Where can I find a list of participating fitness centers?
Visit kp.org/fitrewards to see the full list of participating fitness centers. Starting January 1, 2019, you also can search for locations on the Active&Fit website or, if you prefer, call toll free 1-877-750-2746, Monday through Friday, 5 a.m. to 6 p.m., Pacific time.

How can I suggest adding a fitness center to the network?
You can request the addition of fitness centers online at kp.org/activeandfit. Qualified fitness centers must offer regular cardiovascular, flexibility, and/or resistance training exercise programs; established physical facility must offer a membership agreement; and must be overseen by staff. Fitness centers outside of the 50 U.S. states and the District of Columbia do not qualify.

Can I switch participating fitness centers?
Yes. You can switch fitness centers by going online to kp.org/activeandfit.

If I switch fitness centers, do I have to pay my annual program fee again?
No. You do not need to pay your annual program fee again unless it’s a new calendar year or you change jobs/employers. If you switch to a participating fitness center in a different tier, you may need to pay the difference to upgrade to a higher tier; however, if you change to a lower tier, you may have a credit towards your next month’s fees.

If I switch fitness centers, how soon can I go to my new fitness center?
You can go to your new fitness center on the first day of the following month.

ACTIVITY REQUIREMENT & REWARD
When will I receive my reward?
If you successfully meet the 45-day, 30 minutes per session activity requirement before December 31, 2019, you will receive your reward within 14 days after you redeem your reward on the website. Only 1 visit per calendar day will count toward your reward requirement.

If I change fitness centers during the year and meet the 45-day, 30 minutes per session activity requirement, will I receive my reward?
Yes. Your total number of visits count toward the 45-day, 30 minutes per session activity requirement, as long as you have Kaiser Permanente Hawaii coverage and are using a participating fitness center and/or you are using an out-of-network fitness center and tracking your visits via the ASHConnect mobile app.³

If I work out two times in one day, does it count as two visits toward the 45-day, 30 minutes per session activity requirement?
No. You get credit for a maximum of one workout each calendar day, whether you work out once, twice, or three times in a day.

When do my fitness center visits start counting towards my reward?
Fitness center visits made before your annual program fee is paid for a location in tiers 1 through 4 do not count towards your reward. Your 2018 fitness center visits do not count towards your 2019 KP Fit Rewards activity requirement and reward.

What if I am 64 years old and will turn 65 during the calendar year?
If you are enrolled in Fit Rewards and will turn 65 years old before the end of 2019, please make sure that you meet your 45-day, 30 minutes per session activity requirement before you transition to the Silver&Fit® program, which is included as part of Kaiser Permanente Senior Advantage plan benefits. Completion of your Fit Rewards activity requirement by December 31, 2019 is required to receive your reward.

HOME FITNESS PROGRAM
What if I am physically unable or prefer not to go to a fitness center?
You can choose to participate in the Home Fitness program instead of attending a participating fitness center. For a $10 annual program fee, you can choose up to 2 home fitness kits and work out anytime at home. The fitness kits may include DVDs, guides, and other items to help you get fit.

Note: If you participate in the Home Fitness program, your $10 annual program fee is non-refundable and will not be prorated.

³Your reward is limited to your annual program fee each calendar year. Higher rates (for tiers 2, 3, and 4), taxes, and additional charges you pay your gym for classes or amenities are not included in the program and are not eligible for the reward. You should consult with your tax advisor about the taxability of the reward. Except for earning your annual program fee back by exercising 45 days a year for at least 30 minutes per session at a participating fitness center, your annual program fee is not refundable and will not be prorated. ³The program website is available for members who are 18 years and older.

³Qualified fitness centers must offer regular cardiovascular, flexibility, and/or resistance training exercise programs; established physical facility must offer a membership agreement and must be overseen by staff. Fitness centers outside of the 50 U.S. states and the District of Columbia do not qualify.

Terminology

The terms You and Your mean you the Subscriber and/or your Family Dependents. We, Us, and Our refers to Kaiser Permanente.

The term Kaiser Permanente, KP, or Plan means our integrated health care delivery organization that provides the medical and hospital services to you. Kaiser Permanente is composed of Kaiser Foundation Health Plan, Inc., Hawaii region, (a nonprofit corporation), Kaiser Foundation Hospitals (a nonprofit corporation) and Hawaii Permanente Medical Group, Inc. (a for-profit professional corporation or partnership).

The term Personal Care Physician (PCP) means the Kaiser Permanente provider you choose to act as your personal health care manager.

The term Evidence of Coverage (EOC) means this Kaiser Permanente Hawaii Guide to your Health Plan (Guide), application/enrollment form, Riders, and amendments.

The term Service(s) means treatments, diagnosis, care, procedures, tests, drugs, injectables, facilities, equipment, items, or devices.

Definitions

Throughout the EOC, terms that are capitalized have the meanings shown in Chapter 11: Glossary at that end of this Guide.
Questions
If you have any questions, please call our Member Services department. More details about plan benefits will be provided free of charge. We list our telephone numbers in the back of this Guide.

Your HMO Plan
We are a health maintenance organization (HMO). HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury.

Our providers follow/generally accepted medical practice when prescribing any course of treatment. We, our providers and our facilities work together to provide you with quality medical care Services. Our medical care program gives you access to all the covered Services you may need, such as routine Services with your own PCP, inpatient hospital, laboratory, pharmacy, and other benefits described in the Benefit Summary section at the front of this Guide, and Chapter 3: Benefit Description. In addition, our preventive care programs and health education classes offer you and your family ways to help protect and improve your health. See Chapter 5: Wellness and Other Special Features.

We provide or arrange for Services directly to you and your Family Dependents through an integrated medical care system. We require you to see specific physicians, hospitals, and other providers that are part of our network or who contract with us. These providers coordinate your health care Services. We are solely responsible for the selection of these providers. Contact us for a copy of our most recent provider directory, or visit our website at www.kp.org.

When you receive Services from Kaiser Permanente providers, you will not have to submit claim forms. You only pay the Deductible (if your plan has one) and Cost Shares described in this EOC. When you receive Emergency Services, out-of-area Urgent Care, or services covered under our Dependent Child out-of-area benefit from non-Kaiser Permanente providers, you may have to pay out-of-pocket for care and then file a claim to us for reimbursement. See Chapter 7: Filing Claims for Payment.

The Kaiser Permanente Member Handbook provides further information about us including Member’s Rights and Responsibilities. Please refer our Member Handbook by visiting our website at www.kp.org.

Kaiser Permanente’s Pharmacy and Therapeutics Committee, composed of physicians, pharmacists and other providers, meet regularly to consider adding and removing prescription drugs on the drug formulary based on new information or drugs that become available. Drugs that meet the Committee’s standards for safety, efficacy, ease of use, and value are included in our Kaiser Permanente formularies. For more information on coverage, see the Benefit Summary section in the front of this Guide, and Chapter 3: Benefit Description.

Accessing Care
Your Member ID Card
You must present your Kaiser Permanente member ID card, and a photo ID whenever you get Services. Your member ID card identifies you as a Kaiser Permanente member. If you misplace or lose your card,
call Member Services so that a new card can be sent to you. Our phone numbers are listed in the back of this Guide.

**Your PCP**

The term Personal Care Physician (PCP) means the Kaiser Permanente provider you choose to act as your personal health care manager. Benefits are available only for care you receive from or arranged by your PCP. To find a Medical Office near you, visit our website at www.kp.org.

**Your Medical Office and PCP**

**Medical Office**

Your Medical Office is a group of providers from which all your Services are received. Your Medical Office is very important for two reasons:

- Your PCP works within your designated Medical Office; and
- If your condition requires the skills of a specialist, your PCP will arrange for you to get care from a specialty provider within the Medical Office (if available) or located at another facility.

**PCP**

Your PCP will act as your health manager. He or she will do the following:

- Advise you on personal health issues
- Diagnose and treat medical problems
- Coordinate and monitor any care you may require from appropriate specialists
- Keep your medical records up-to-date

Except as specified in the Services and Benefits section of this chapter, we do not cover medical Services, benefits, or supplies that are not provided, prescribed or directed by a Physician. Your PCP is the first point of contact whenever you required medical assistance. Maintaining an ongoing relationship with your PCP will help ensure that you are receiving optimal care. Please check with your PCP for specific information about the requirements for receiving Services.

**Your KP Hawaii Care Team**

**Choosing Your KP Hawaii Care Team**

Your KP Hawaii Care Team is made up of you and both of the following:

- Your designated PCP
- Your designated Medical Office

To address individual health care needs, you and each of your Family Dependents may choose his or her own PCP and Medical Office.

When choosing a PCP and Medical Office, you should consider the following information:
• Do you already have a provider that you want to remain with? Read through the *Caring for You: Physicians and Locations Directory* to determine whether your current provider is available as a PCP.
• Decide what type of provider fits your needs (family practice, general practice, OB/GYN, internal medicine or pediatrics). For example, you may designate a pediatrician as the PCP for your child.
• Select a Medical Office that fits your needs (Medical Offices are in different locations and may offer different providers and specialties).
• Consider your personal preferences (a male or female provider, cultural issues and languages spoken).
• Call the Medical Office for more information (what are the office hours, what is their experience with certain diseases).

**The Caring for You: Physicians and Locations Directory**

This directory lists the names of each Medical Office and the PCPs and other providers located in that Medical Office. Copies of the directory are available by contacting Member Services at the phone number listed in the back of this Guide.

Please note: To provide you with the best care possible, the total number of patients a PCP can care for is limited. If the PCP you select cannot accept new patients without adversely affecting the availability or quality of Services provided, you will need to select someone else.

**Changing Your KP Hawaii Care Team or PCP**

Your PCP is responsible for providing and arranging all your medical care. Having a continuous relationship with your PCP allows you the best possible care. If you need to change your PCP, please call our Member Services department at the phone number listed in the back of this Guide, visit our website at www.kp.org, or write to Member Services at:

Member Services
Kaiser Foundation Health Plan
711 Kapiolani Boulevard
Honolulu, HI 96813

**Referrals and Prior Authorization**

In general, benefits are available only for care you receive from or arranged by your PCP, and at a Kaiser Permanente facility. A listing of Kaiser Permanente providers and facilities can be found at our website at www.kp.org or you may request a copy of the *Caring for You: Physicians and Locations Directory* from Member Services at the phone number listed in the back of this Guide.

**Is the Service or Supply Subject to Prior authorization or Referral?**

We provide or arrange for Services or supplies directly to you and your Family Dependents through an integrated medical care system. You must receive your health care from Kaiser Permanente providers and in Kaiser Permanente facilities within our Service Area except for these services:
• Written and authorized referrals (by a Kaiser Permanente provider and/or our Authorizations and Referrals department)
• Emergency care
• Out-of-state Urgent Care when traveling
• Dependent child benefits (as described in this EOC) while out-of-state

Needing a Referral When Seeing a Specialist
Our PCPs offer primary medical, pediatric, and OB/GYN care. Kaiser Permanente Specialists provide specialty care in areas such as surgery, orthopedics, cardiology, urology, oncology, and dermatology. Your PCP will refer you to a Kaiser Permanente Specialist when appropriate. In most cases, you will need a referral to see a Kaiser Permanente Specialist for the first time. Your PCP will coordinate and monitor any care you may require from an appropriate Kaiser Permanente Specialist.

The Referral Process
• First, your PCP will look for a physician or facility within Kaiser Permanente to treat you.
• If a specialty physician or facility is not available within Kaiser Permanente, your PCP will refer you to a physician or facility within the Kaiser Permanente contracted network of providers.

When you go to a specialty physician’s office or a facility, you should do both of the following;
• Present your Kaiser Permanente member ID card.
• Inform the physician or nurse that you have been referred by your Kaiser Permanente PCP.

If, in the professional judgment of Medical Group, you require medical or hospital services covered by this EOC which require skills not available within Medical Group or facilities not available in Kaiser Permanente, and Medical Group determines that it would be in the best interest of for you to obtain care from another source, then, upon written referral by Medical Group to the facility/practitioner designated by Medical Group, and upon you receiving prior written authorization by Kaiser Permanente, payment, in lieu of medical service benefits hereunder, is made for prescribed medical services within the coverage of this EOC. This may include referral to sources outside the Service Area, if deemed Medically Necessary by a Medical Group physician and approved by Medical Group.

Your PCP will work with Health Plan and submit an administrative review request prior to services being rendered by a non-Kaiser Permanente or out-of-state physician or facility. As an HMO, referrals are required before accessing service to avoid being responsible for the full cost of the medical services. Deductibles (if applicable) and Cost Shares for referred care are the same as those required for medical services provided by a Kaiser Permanente provider. You will only be covered for the medical services listed as covered under this EOC. If your PCP does not provide or arrange for your services where a referral is required, you are responsible for the cost of the medical services.

Referral Limitations
Benefits for referred care are limited to those covered services described in this Guide. Should your provider recommend or perform services that are not covered by this Guide or do not meet payment...
determination criteria, you are responsible for all charges related to the service. See the section Questions We Ask When You Receive Care later in this chapter.

Neighbor Island concierge
If you live on a neighbor island and your doctor refers you to a specialist, we may recommend you get treated on Oahu. For more information, see Transportation Services in the Member Guide, Your Introduction to Kaiser Permanente.

When a Referral is Not Needed
You do not need a referral from your PCP to make an appointment for obstetrical or gynecological care from a health care professional who specializes in obstetrics or gynecology. However, prior authorization may be required for certain services. To find participating health care professionals in your Medical Office who specialize in obstetrics or gynecology, visit our website at www.kp.org or contact Member Services at the phone number listed in the back of this Guide.

You do not need a referral from your PCP to obtain access to physical therapy from a health professional who specializes in physical therapy.

Making Appointments for Yourself for These Types of KP Providers
You don’t need your PCP’s referral to make appointments for the following services and departments:
(Note: These services will be covered in accordance with your plan benefits)

- Alcohol and drug treatment
- Audiology
- Allergy departments
- Bariatric medicine
- Behavioral health services
- Cosmetic dermatology
- Cosmetic plastic surgery
- Eye examinations for glasses and contact lenses
- Family practice
- Health education
- Internal medicine
- Medication counseling
- Obstetrics-gynecology
- Occupational health services
- Pediatrics
- Physical therapy
- Social work
- Sports medicine
- Tobacco telephone counseling
- Travel medicine
Prior Authorization

“Prior authorization” means that we must approve the Services in advance in order for the Services to be covered.

You don’t need prior authorization from us to get Emergency Care or out-of-state Urgent Care from Non-Kaiser Permanente providers or facilities. However, you must get prior authorization from us for Post-stabilization care from Non-Kaiser Permanente providers and facilities.

“Post-stabilization care” means Services you receive for the acute episode of your Emergency Medical Condition after that condition is Clinically Stable. (“Clinically Stable” means that no material deterioration of the Emergency Medical Condition is likely, within reasonable medical probability, to result from or occur during your discharge or transfer from the hospital).

With respect to a pregnant woman who is having contractions, when there is inadequate time to safely transfer her to another hospital before delivery (or the transfer may pose a threat to the health or safety of the woman or unborn child), Clinically Stable means after delivery (including the placenta).

Claim Filing and Copayments

Non-Kaiser Permanente specialty physicians and facilities who provide care when you are referred by your PCP should forward all claims to us. We reserve the right to send benefit payments to you, to a provider, or if you have other coverage besides this plan, to the other carrier. You are responsible for your Deductible (if applicable) and Cost Shares. For a summary of your Deductibles or Cost Shares, see the Benefit Summary section in the front of this Guide, and Chapter 3: Benefit Description.

Services and Benefits Generally

Subject to the provisions of this EOC, Members receive services and benefits as follows:

Within the Service Area

- **Choice of Physician and Hospital.** Within the Service Area, covered medical Services are available only from Medical Group, Hospitals and in Skilled Nursing Facilities. Neither Health Plan, Hospitals, Medical Group nor any Physician has any liability or obligation for any medical Service or benefit sought or received by any Member from any other physician, hospital, skilled nursing facility, person, institution, or organization, unless such medical Services are covered as Emergency Services, or out-of-state Urgent Care described in Chapter 3: Benefit Description, or an authorized referral described in Chapter 1: Important Information.

- **Choice of Primary Care Provider.** You are encouraged to choose a PCP. You may choose any PCP available to accept Members. Parents may choose a pediatrician as the PCP for their child. Access to your PCP and other Physicians does not determine coverage for any particular services. Member shall be subject to pay for services at full charges for non-covered services.

- **Access to Obstetrical/Gynecological Care.** Female Members do not need a referral or prior authorization in order to obtain access to obstetrical or gynecological care from a Physician who specializes in obstetrics or gynecology. The Physician, however, may have to get prior authorization for certain Services.
• **Access to Physical Therapy.** In accord with state law, Members do not need a referral or prior authorization in order to obtain access to physical therapy from a physical therapist or Physician who specializes in physical therapy.

**Outside the Service Area**

Your benefits outside the Service Area are limited to:

• **Emergency Services or out-of-state Urgent Care** benefits described in the *Benefit Summary* section in the front of this Guide, and *Chapter 3: Benefit Description*,

• **Dependent Child outside the Service Area** benefits described in the *Benefit Summary* section in the front of this Guide, and *Chapter 3: Benefit Description*, and

• **Authorized referrals** as described in *Chapter 1: Important Information*.

**After-Hours Care**

For medical problems or questions after our facilities are closed, call our After-Hours Nurse Advice Line. Registered nurses can provide advice or direct you to the appropriate place for care. You'll need to provide your medical record number (shown on the front of your Kaiser Permanente ID card) or the medical record number of the person for whom you're calling.

**Care While You are Away from Home**

**Care Outside of Hawaii**

We cover only limited health care services received outside our Service Area. As used in this section, “Care Outside of Hawaii” includes Emergency care and Urgent Care only (and not follow-up care, routine care, and elective care) obtained outside our Service Area. Any other Services will not be covered.

**Emergency and Urgent Care**

For Emergency and Urgent Care outside of Hawaii, you should follow these steps:

• Carry your current member ID card for easy reference and access to service.
  - If you experience an Emergency while traveling outside Hawaii, go to the nearest Emergency facility.
  - For Urgent Care outside Hawaii, go to the nearest urgent care facility.

When you arrive at the provider, present your member ID card. You are responsible for paying the provider but may file a claim for reimbursement from us. See *Chapter 7: Filing Claims for Payment*.

For non-Emergency and non-Urgent Care outside of Hawaii, you should contact our Member Services department to see if you have coverage other than Emergency and out-of-state Urgent Care.

**Care on Neighbor Islands**

For care on the neighbor islands, services are available by contacting the Medical Office on the island where you are located. *The Caring for You: Physicians and Locations Directory* lists the names of each
Medical Office and the providers located in that Medical Office. Copies of the directory are available by contacting Member Services. Our phone numbers are listed in the back of this Guide. A service representative can help arrange your appointment and advise you of your Cost Share responsibility.

Care in another Kaiser Permanente service area
When you visit a different Kaiser or allied plan service area, as a courtesy, you may receive visiting member care from designated providers in that area. Visiting member care is described in our Visiting Member Services: Getting Care Away from Home brochure. Visiting member care and your out-of-pocket costs may differ from the covered Services, Deductibles, and Cost Shares described in this Guide. Service areas and facilities where you may obtain visiting member care may change at any time.

For more information about visiting member care, including facility locations in other service areas, please call our Away from Home Travel Line at 951-268-3900 or visit our website at www.kp.org/travel.

Care for Dependent Children
In addition to the care described above, we provide a limited benefit to Family Dependent children up to age 26 who are temporarily outside all Kaiser Permanente’s service areas and within the United States. For more information, see the Benefit Summary section at the front of this Guide, and Chapter 3: Benefit Description. You may need to pay for your care out-of-pocket, and then file a claim for reimbursement as described in Chapter 7: Filing Claims for Payment.

Questions We Ask When You Receive Care at Kaiser Permanente
Is the Care Covered?
To receive benefits, the care you receive must be a Service or supply. See the Benefit Summary section in the front of this Guide, and Chapter 3: Benefit Description, for a listing of covered Services and supplies. Also see Chapter 4: Services Not Covered.

What does Medically Necessary mean?
All covered Services you receive must meet all the following Medically Necessary criteria:

- Recommended by the treating PCP or Kaiser Permanente licensed health care practitioner,
- Is approved by the Kaiser Permanente’s medical director or designee,
- Is for the purpose of treating a medical condition,
- Is the most appropriate delivery or level of Service, considering potential benefits and harms to the patient,
- Is known to be effective in improving health outcomes/ provided that:
  - Effectiveness is determined first by scientific evidence;
  - If no scientific evidence exists, then by professional standards of care; and
  - If no professional standards of care exist or if they exist but are outdated or contradictory, then by expert opinion; and
Cost-effective for the medical condition being treated compared to alternative health interventions, including no intervention. For purposes of this paragraph, cost-effective shall not necessarily mean the lowest price.

- And Services that are not known to be effective in improving health outcomes include, but are not limited to, Services that are experimental or investigational.

All covered Services must be Medically Necessary, prescribed, and consistent with reasonable techniques specified under this EOC with respect to the frequency, method, treatment, or licensing or certification to the extent the provider is acting within the scope of the provider’s license or certification under applicable Hawaii State law.

**Did You Receive Care from Your PCP or Kaiser Permanente Hawaii Care Team?**
Benefits are available only for care you receive from or arranged by Kaiser Permanente Hawaii Care Team. To find a Medical Office near you, visit our website at www.kp.org. For more information see Chapter 1: Important Information.

**Is the Service or Supply Subject to a Benefit Maximum?**
A Benefit maximum is the maximum benefit amount allowed for a covered Service or supply. A coverage maximum may limit the duration, or the number of visits. For information about benefit maximums, read Chapter 2: Payment Definitions and Information and Chapter 3: Benefit Description.

**Did You Receive Care from Provider Recognized by Us?**
To determine if a provider is recognized by us, we look at many factors including licensure, professional history, and type of practice. All Kaiser Permanente providers and some non-network (affiliated) providers are recognized. To find out if your provider is recognized by us, refer to your Caring for You: Physicians and Locations Directory. If you need a copy, call us and we will send one to you or visit our website at www.kp.org.

**What You Can Do to Maintain Good Health**

**Practice Good Health Habits**
Staying healthy is the best way to control your health care costs. Take care of yourself all year long. See your provider early. Don’t let a minor health problem become a major one. Take advantage of your preventive care benefits.

**Routine and Preventive Services**
Detecting conditions early is important. That’s why Kaiser Permanente is committed to providing you with benefits for routine and preventive health services. Many serious disorders can be prevented by healthier lifestyles, immunizations, and early detection and treatment. Routine and preventive care should always be performed by your PCP.
Be a Wise Consumer
You should make informed decisions about your health care. Be an active partner in your care. Talk with your provider and ask questions. Understand the treatment program and any risks, benefits, and options related to it.

For other medical Services or items, Applicable Charges mean:

- Member Rates when Kaiser Permanente provides medical Services or items, or
- The negotiated rate, or the fee that we determine to be usual, reasonable and customary when medical Services or items are not provided by Kaiser Permanente. This means a fee that:
  - Does not exceed the fees accepted as payment for similar Services by other providers; and
  - Is in accord with standard coding guidelines and consistent with accepted health care reimbursement payment practices.

Note: If you receive a non-covered Service, you are responsible for the entire amount charged by your provider.
Cost Share
Definition
A Cost Share applies to most covered Services. It is either a fixed percentage of Applicable Charges or a fixed dollar amount. In addition to Cost Share, and if your plan has a Deductible, please refer to the Annual Deductible information in this chapter, and see the Benefit Summary section in the front of this Guide to see if your plan has a Deductible, the amount, and what that Deductible applies to.

Annual Copayment Maximum
Definition
The Annual Copayment Maximum is the maximum amount you pay out of your pocket in a year. Once you meet the Annual Copayment Maximum you are no longer responsible for Cost Share amounts for eligible covered Services, unless otherwise noted under the When You Pay More section of this chapter.

See the Benefit Summary section in the front of this Guide to see what your Annual Copayment Maximum amount is.

When You Pay More
The following amounts do not apply toward meeting the Annual Copayment Maximum. You are responsible for these amounts even after you have met your Annual Copayment Maximum.

- Active&Fit or any fitness programs
- Bariatric surgery program
- Complementary alternative services such as chiropractic, acupuncture, massage therapy, or naturopathy
- Cosmetic plastic surgery
- Cosmetic dermatology
- Dental services
- Dressings and casts
- Health education services, classes or support groups
- Lasik eye surgery
- Medical social services
- Sexual dysfunction drugs
- Payments for services subject to a maximum once you reach the maximum. See Benefit Maximum later in this chapter.
- Take-home supplies
- Travel immunizations
- Any amounts you owe in addition to your Cost Shares for covered Services.
- Payments you make for non-covered, excluded, or exhausted Services

Note: It is recommended that you keep receipts as proof of your payments. All payments are credited toward the calendar year in which the medical services were received.
**Annual Deductible**

**Definition**

The Annual Deductible is the amount you must pay for certain covered medical Services in an calendar year before Kaiser Permanente will cover those Services. Once you meet the Annual Deductible, you are no longer responsible for deductible amounts for the remainder of the calendar year, and you pay the Cost Share for the covered Services. Each member Annual Deductible counts toward the family unit Annual Deductible amount. Most HMO Plans do not have a deductible. Amounts paid as Member Rates for non-covered benefits or services do not count toward payment of a Deductible. See the *Benefit Summary* section in the front of this Guide to see if your plan has a Deductible, the amount, and what that Deductible applies to.

**How the Deductible Works**

For each calendar year, only certain covered Services are subject to the Deductible, unless your plan does not have a Deductible. See the *Benefit Summary* section in the front of this Guide to see if your plan has a Deductible, the amount, and what that Deductible applies to.

For covered Services that are subject to the Deductible, Members must pay 100% of the Applicable Charges at the time the Service is received, until the Deductible is met. Each Member must meet the Member Deductible, or a Family Unit must meet the Family Unit Deductible. The Member Deductible and Family Unit Deductible are described in the *Benefit Summary* section in the front of this Guide. Each Member Deductible amount counts toward the Family Unit Deductible amount. Once the Member Deductible is satisfied, no further Deductible will be due for that Member for the remainder of the calendar year. Once the Family Unit Deductible is satisfied, no further Member Deductibles will be due for the remainder of the calendar year.

After the Deductible is met, Members must pay their Cost Shares for covered Services for the remainder of the calendar year, until their Annual Copayment Maximum has been met.

Amounts paid for covered Services that are received during the same calendar year and that are subject to the Deductible as indicated by this EOC, count toward the Annual Deductible.

**Member Rate**

**Definition**

The Member Rate is the amount that we would charge you for a medical Service or item that is not covered. We determine the Member Rate by considering these factors:

- The cost of acquiring, storing, and/or dispensing the item.
- Increases in the cost of medical and non-medical Services in Hawaii over the previous year.
- The relative difficulty of the medical Service compared to other medical Services.
- Changes in technology.
- Payment for the medical Service under federal, state, or private insurance programs.
**Benefit Maximum**

**Definition**
A Benefit Maximum is a limit that applies to a specified covered Service or supply, when permitted by law. A Service or supply may be limited by duration, or number of visits. The maximum may apply per:

- Service. For example, in vitro fertilization is limited to a one-time only benefit while you are a Kaiser Permanente member.
- Year. For example, benefits for skilled nursing facility up to 120 days per year.

**Where to Look for Limitations and Benefit Maximums**
See the *Benefit Summary* section in the front of this Guide, and Chapter 3: *Benefit Description*.

**Monthly Premiums and Terms of Coverage**

**Monthly Premiums**
Monthly Premiums must be paid in advance. You must pay the correct amount specified by Health Plan before the beginning of a month to have coverage for that month. If you do not pay on time, we will send you a notice that you are in default. If you then do not pay the correct amount within the allotted time, we will terminate your membership and the membership of all the Members in your Family Unit. Only Members for whom Health Plan has received the appropriate Monthly Premiums are entitled to coverage under this EOC and then only for the period for which payment is received. Monthly Premiums will not be prorated and coverage is not retroactive.

**Members Of This Plan Who Become Eligible For Or Entitled To Medicare**
After joining this plan, Members may become eligible for or entitled to coverage under Medicare (such as Parts A and/or B) due to age, disability or end stage renal disease. A Member who is or becomes eligible for coverage under Medicare should promptly contact Member Services at the phone number listed in the back of this Guide to give us notice of such eligibility and to receive information about our Senior Advantage Plan.

**Payment in Error**
If for any reason we make payment under this coverage in error, we may recover the amount we paid.

**Outstanding Balances (deferral of non-urgent care)**
We may reschedule future non-urgent appointments until after you have paid outstanding balances in full, or have made other payment arrangements.

**Missed Appointment Charge**
We may impose an administrative charge of $15.00 for certain appointments (such as appointments with specialists) if your appointment is missed or not cancelled at least 24 hours in advance.

**Payment of Cost Shares**
Members must pay or arrange for payment of Cost Shares and any other amounts they owe Health Plan, Hospitals or Medical Group. Cost Shares are due at the time the Member receives medical services.

During IVF, mature eggs are collected (retrieved) from the Member’s ovaries. In a laboratory, these eggs are fertilized by sperm provided by the Member’s partner. The fertilized egg (embryo) is transferred (returned) to the uterus of the Member who originally supplied the eggs.

Your coverage is limited to a one-time only benefit for one outpatient in vitro fertilization procedure while you are a Kaiser Permanente Member. If you received benefits for in vitro fertilization under any Kaiser Permanente plan, you are not eligible for in vitro fertilization benefits under this plan. In vitro fertilization services are not covered when a surrogate is used. The in vitro procedures must be performed at a medical facility that conforms to the American College of Obstetricians and Gynecologists’ guidelines for in vitro fertilization clinics or to the American Society for Reproductive Medicine’s minimal standards for programs of in vitro fertilization.

- You are not known to be otherwise infertile, and
- You have failed to achieve pregnancy following three cycles of physician directed, appropriately timed intrauterine insemination.

You may be referred for these services to a specialized facility within Hawaii. See Chapter 1: Important Information. These services must have prior authorization.

If you are admitted directly to a hospital as an inpatient immediately following an Emergency visit, then we will waive your Emergency Services Cost Share and your inpatient hospital services Cost Share will apply. However, if you are admitted as anything other than hospital inpatient, then your applicable Emergency Services Cost Share will apply. For example, if you are admitted for observation following an Emergency visit, then the applicable Emergency Services and observation Cost Shares will apply.

An Emergency Medical condition is defined to be a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

• Serious risk to the health of the individual (or, with respect to a pregnant woman, the health of the woman and her unborn child).
• Serious impairment to bodily functions.
• Serious dysfunction of any bodily organ or part.
Examples of an Emergency Medical Condition include chest pain or other heart attack signs, poisoning, loss of consciousness, convulsions or seizures, broken back or neck. Examples also include heavy bleeding, sudden weakness on one side, severe pain, breathing problems, drug overdose, severe allergic reaction, severe burns, and broken bones.

Examples of non-emergencies are colds, flu, ear aches, sore throats, and using the emergency room for your convenience or during normal medical office hours for medical conditions that can be treated in a medical office.

Emergency Services are all of the following with respect to an Emergency Medical Condition:

- A medical screening examination (as required under the Emergency Medical Treatment and Active Labor Act) that is within the capability of the emergency department of a hospital, including ancillary care routinely available to the emergency department to evaluate the Emergency Medical Condition; and
- Within the capabilities of the staff and facilities available at the hospital, the further medical examination and treatment that the Emergency Medical Treatment and Active Labor Act requires to Stabilize the patient.

Stabilize is to provide the medical treatment of the Emergency Medical Condition that is necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the person from the facility. With respect to a pregnant woman who is having contractions, when there is inadequate time to safely transfer her to another hospital before delivery (or the transfer may pose a threat to the health or safety of the woman or unborn child), Stabilize means to deliver (including the placenta).

Medical Practitioners Other Than Physicians

If you receive covered Emergency Services from a medical practitioner other than a Physician, then Health Plan will pay the highest of the following amounts less your Emergency Services Cost Share:

- The median per-service amount (if any) that we have negotiated with Physicians for the service (this does not apply to capitation and other payment arrangements that are not on a per-service basis). If there is an even number of Physicians, the median is the average of the middle two negotiated amounts;
- The Applicable Charge; or
- The amount that would be paid for the service under Medicare Part A or Part B.

In addition to paying your Emergency Services Cost Share, you are responsible for paying any difference between the amount the provider bills and the amount Health Plan pays.

General Provisions

- Emergency Services include prescription drugs required to treat you at the time of service.
- Reimbursement for Emergency Services required because of an act or omission or alleged act or omission of a third party, and the reimbursement for Emergency Services covered under the

About this Chapter
Your health care coverage does not provide benefits for Services or supplies that are listed in this chapter, or limited by this chapter or Chapter 3: Benefit Description. We divided this chapter with category headings to help you find what you are looking for.

Please note: Even if a Service or supply is not specifically listed as an exclusion in this chapter, there are additional exclusions as described as limitations in Chapter 3: Benefit Description. If a Service or supply does not meet the criteria described in Chapter 3: Benefit Description, then it should be considered an exclusion and is not covered. This chapter should be read in conjunction with Chapter 3: Benefit Description in order to identify all items that are excluded from coverage. If that Service or supply is not specifically listed as an exclusion in this chapter or as a limitation exclusion in Chapter 3, it will not be covered unless it is described in Chapter 3: Benefit Description, meets all of the criteria, circumstances or conditions described in Chapter 3: Benefit Description, and meets all of the criteria described in Chapter 1: Important Information under Questions We Ask When You Receive Care.

Enrollment

Newborn Children

You may enroll your eligible newborn child as your Family Dependent. To do this, you must submit a completed change of enrollment form to us no later than 31 calendar days after the child’s birth if on a Grandfathered Plan (no later than 60 calendar days after the child’s birth if on a Non-Grandfathered Plan). If you do not, you have the option to apply for one of our ACA individual plans during the individual plan annual open enrollment period.

Newborns Adopted by the Subscriber and/or Spouse

You may enroll your eligible adopted newborn as your Family Dependent.

- If the eligible newborn who is adopted by you and/or your Spouse, or placed for adoption with you and/or your Spouse, has been treated from birth by a Kaiser Permanente Hawaii physician, you must give us written notice of your intent to adopt and also a completed change of enrollment form within 31 calendar days of birth of the newborn if on a Grandfathered Plan (within 60 calendar days of birth if on a Non-Grandfathered Plan).
- If the eligible newborn who is adopted by you and/or your Spouse, or placed for adoption with you and/or your Spouse, has not been treated from birth by a Kaiser Permanente Hawaii physician, you must submit to us a completed change of enrollment form within 31 calendar days of birth if on a Grandfathered Plan (within 60 calendar days of birth if on a Non-Grandfathered Plan), and also provide one of the following: 1) a copy of the court order of adoption or proof that the child has been placed for adoption with you and/or your Spouse, or 2) a document authorizing you and/or your Spouse to consent to treatment for the newborn.
If we fail to receive these documents from you within 31 calendar days of the child’s birth (or the child being placed for adoption) for a Grandfathered Plan (60 calendar days for a Non-Grandfathered Plan), you have the option to apply for one of our ACA individual plans during the individual annual open enrollment period.

**Children (one month of age or older) Adopted by the Subscriber or Spouse**
You may enroll your eligible adopted child as your Family Dependent. The eligible child must be the subject of a petition for adoption or placement for adoption with you and/or your Spouse. You must submit to us a completed change of enrollment form within 31 calendar days of adoption or placement for adoption if on a Grandfathered Plan (60 calendar days if on a Non-Grandfathered Plan), and also provide one of the following: 1) a copy of the court order or other proof showing the child has been adopted or placed for adoption with you and/or your Spouse, or 2) a document authorizing you and/or your Spouse to consent to treatment for the child.

If we fail to receive these documents from you within 31 calendar days of the petition for adoption being filed in court if you are on a Grandfathered Plan (60 calendar days if you are on a Non-Grandfathered Plan), you have the option to apply for one of our ACA individual plans during the individual annual open enrollment.

**Spouse (applies to Non-Grandfathered Plans)**
A Spouse must meet our current requirements for membership. You must submit a completed change of enrollment form within 60 calendar days of the Spouse becoming newly eligible, for example - adding a Spouse within 60 calendar days of being married. If you do not submit a change or enrollment form within 60 calendar days, you have the option to apply for one or our ACA individual plans during the individual annual open enrollment.

All Other Family Dependents
All other eligible Family Dependents must meet our current requirements for membership. You must submit a completed change of enrollment form within 31 calendar days of the Family Dependent becoming newly eligible if on a Grandfathered Plan (60 calendar days if on a Non-Grandfathered Plan. If you do not submit a change or enrollment form within 31 calendar days for a Grandfathered Plan (60 calendar days for a Non-Grandfathered Plan), you have the option to apply for one or our ACA individual plans during the individual annual open enrollment.

**Annual Open Enrollment Period**
- You may only apply for health care coverage, or change enrollment from this plan to another plan during the annual open enrollment period as specified by law.
- For Members on a Non-GrandfatheredACA plan, outside of this annual open enrollment period, you may enroll or change your coverage if you experience a situation known as a triggering event (such as birth, adoption, marriage). Refer to the “Special enrollment period” section of this EOC for further information.

**Special Enrollment Period (Enrollment of Family Dependents Outside of the Annual Enrollment Period - for Members on a Non-Grandfathered plan)**
You or your Family Dependent may experience a triggering event that allows a change in your enrollment. Examples of triggering events are the loss of coverage, marriage, and birth of a child. The triggering event results in a special enrollment period that usually (but not always) starts on the date of the triggering event and lasts for 60 days. During the special open enrollment period, you may enroll your Family Dependent(s) in this plan or, in certain circumstances, you may change plans (your plan choice may be limited). There are
requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Family Dependent’s triggering event.

For a complete list of triggering events and the related effective dates of coverage, please refer to our special enrollment guide. You can obtain a copy by calling our Member Services at the phone number in the back of this Guide, or by going online to buykp.org, clicking on “Apply now,” and typing in your Hawaii zip code. If it is outside the annual open enrollment period, you will see a link to our special enrollment guide on the left-hand side of the web page.

**Effective Date of Coverage**

**Newly Eligible Persons (on a Grandfathered Plan)**

Coverage for every newly eligible and enrolled person, except a newborn child as described below, is effective on the first day of the month following the date we receive the enrollment form from Subscriber as specified in the Enrollment section in this chapter.

- An eligible newborn child of a Subscriber is covered from birth in accord with this EOC if enrolled within 31 calendar days after birth. Newborns who receive medical services from non-Physicians will only be covered for Emergency Services in accord with the Emergency Services section in Chapter 3: Benefit Description in this Guide.

- A newborn who is the subject of a petition for adoption by Subscriber and who has been treated from birth by a Physician is covered from birth if:
  - Subscriber gives Health Plan written notice of Subscriber’s intent to adopt the newborn prior to birth or within 31 calendar days of birth of the newborn, and
  - The newborn is enrolled in accord with the Enrollment section in this chapter.

- A newborn or child who is the subject of a petition for adoption by Subscriber and who has not been treated from birth by a Physician is covered from the earlier of:
  - the first calendar day following receipt by Health Plan, of a document authorizing Subscriber to consent to treatment for the child, and a properly completed enrollment form, or
  - the date the child is placed for adoption with Subscriber, if Health Plan receives written notification of the placement within 31 calendar days of the placement. Placement occurs when Subscriber assumes legal obligation for total or partial support of the child in anticipation of the adoption.

**Newly Eligible Persons (on a Non-Grandfathered ACA Plan)**

During an individual plan annual open enrollment period:

- An individual may apply for enrollment as a Subscriber, and may also apply to enroll eligible Family Dependents, by submitting an application form to Hawaii Health Insurance Marketplace during the annual open enrollment period. If the Hawaii Health Insurance Marketplace accepts the application, Hawaii Health Insurance Marketplace will notify the individual of the date coverage begins. Membership begins at 12 a.m. (Hawaii Standard Time) of the effective date specified in the notice.

During a special enrollment period:

- For a complete list of special enrollment triggering events and the related effective dates of coverage, please refer to our special enrollment guide.
- You can obtain a copy by calling our Member Services at the phone number in the back of this Guide, or by going online to buykp.org, clicking on “Apply now,” and typing in your Hawaii zip
code. If it is outside the annual open enrollment period, you will see a link to our special enrollment guide on the left-hand side of the web page.

Note: Family Dependents may not have an earlier effective date than the Subscriber’s effective date.

**When Eligibility for Coverage Ends**

Subject to continuing eligibility as specified in the *Eligibility* section of this chapter, coverage continues from month to month subject to prepayment of applicable Monthly Premiums. Eligibility for coverage will terminate on the last day of the month in which any of the following events take place:

- You fail to meet the eligibility criteria specified in this EOC,
- For the divorced spouse of Subscriber (or surviving spouse of a deceased Subscriber), the month in which the divorce becomes final, or Subscriber dies.

You may terminate membership for yourself and your Family Dependent(s), or for any particular Family Dependent, to the extent permitted by applicable law, including when a Member obtains another health plan with minimum essential coverage. You must give us at least 30 calendar days prior written notice. Membership will terminate on the last day of the month of your request.

For a Family Dependent child, membership ends on the last day of the calendar year in which the child reaches age 26, or membership ends on the last day of the month in which the child no longer meets all of the other requirements of this EOC for Family Dependent status.

When eligibility ends for an individual as described above, Health Plan will send notice to the Subscriber or Family Dependent, as applicable, that membership is terminating due to loss of eligibility, no less than 30 days prior to the last day of coverage. The last day of coverage is the last day of the month following the month that notice of ineligibility is sent to the Subscriber or Family Dependent. The Subscriber or Family Dependent may request an earlier termination than set forth in this paragraph, if desired.

Note: If the Subscriber is no longer eligible for continued enrollment (has membership terminated), the Subscriber’s Family Dependents are not eligible for continued enrollment beyond the Subscriber’s termination date.

**Conversion and Change of Residence**

**Conversion**

A Family Dependent residing in the Service Area who loses coverage due to loss of eligibility may continue Health Plan membership with no break in coverage by converting to certain Kaiser Permanente for Individuals and Families Plans if he or she meets the eligibility criteria of that plan. However, the Family Dependent must complete, sign and submit to Health Plan the applicable enrollment form as a Subscriber on that plan.

Subscriber membership begins when:

1) Family Dependent membership ends, and

2) a timely submitted and signed enrollment form has been accepted by Health Plan, and

3) Subscriber has prepaid the applicable Monthly Premiums required for membership.
The Family Dependent must apply to us to be a Subscriber on that plan within 31 calendar days if on a
Grandfathered plan (60 calendar days if on a Non-Grandfathered plan) after ceasing to qualify as a Family
Dependent under this EOC.

If a Family Dependent does not continue membership by the conversion procedure described above, he/she
has no rights to benefits under this EOC, and will be responsible for full charges for any services received by
the Family Dependent after losing eligibility.

Conversion is not permitted for a Subscriber or Family Dependents (except for dependents under age 26)
residing outside of the Service Area, nor for a person whose membership we terminate for a reason stated in
the Member Termination Provisions section of this Chapter.

Note: After the 31 calendar day period if on a Grandfathered plan (60 calendar day period if on a Non-
Grandfathered ACA plan), Family Dependents have the option to apply for one of our Affordable Care Act
(“ACA”) individual plans during an individual annual open enrollment or special enrollment period. All plans
have specific eligibility and enrollment criteria that must be met.

Change of Residence – General
We may terminate the membership of any Member (except Family Dependents under age 26) who move
outside the Service Area, in accord with the Member Termination Provisions section of this chapter.
Subscriber must provide immediate written notice to us regarding any Member who moves outside of the
Service Area. The only benefits covered by this Guide outside the Service Area prior to termination of
membership are Emergency and Urgent Care Services specified in the Emergency Services and Urgent Care
sections in Chapter 3: Benefit Description in this Guide. Members who move to another Kaiser service area
can contact the Member Services department in that service area to apply for membership there.

Member Termination Provisions
When Health Plan terminates your membership, neither Health Plan, Hospitals, Medical Group, nor any
Kaiser Permanente provider has any further liability or responsibility under this EOC, for any Services
obtained after the Member’s termination date. All rights to medical services and other benefits under this
EOC end at 11:59 PM on the termination date specified by us.

Any termination of Subscriber’s membership for any of the reasons in this Member Termination Provisions
section will also terminate the membership of all Family Dependents, as of the same termination date as the
Subscriber. Termination of membership terminates all coverage rights under this EOC. Services received
after the termination date will not be covered and the Members will be responsible for all charges.

Members may not enroll in any Kaiser Permanente plan if membership is terminated for non-payment
(subject to the provisions listed in the “Termination for Nonpayment” section in this Chapter for Members on
a Non-Grandfathered plan) or for cause, as described in this Chapter of the EOC.

A Member’s membership may also be terminated if Health Plan stops offering this plan or 2) all Kaiser
Permanente non-group plans in Hawaii. (We may terminate membership upon 90 calendar days prior written
notice to the Subscriber for the former and 180 calendar days prior written notice for the latter.)
Termination for Cause

- **Fraud, or Furnishing Incorrect or Incomplete Information.** We rely upon the information contained in all documents submitted by you, and such information must be true and complete. If you (or anyone acting on your behalf) knowingly furnish incorrect or incomplete material information, or have committed fraud in connection with your membership, we may retain your membership card and terminate your membership and the membership of all the other Members in your Family Unit upon 30 calendar days written notice to the Subscriber.

- **Change that affects eligibility or benefits.** You (or anyone acting on your behalf) must advise us of any change that affects eligibility or benefits (such as a change in family status, existence of other coverage, or change in Medicare coverage status). You (or anyone acting on your behalf) must notify us in writing within 15 calendar days of the such changes, otherwise we may retain your membership card and terminate your membership and the membership of all the other Members in your Family Unit upon 30 calendar days written notice to the Subscriber.

- **Misrepresentation or Misuse of Identification Card.** If you (i) knowingly misrepresents your membership status or coverage, or (ii) knowingly present an invalid prescription or physician order, or (iii) commit any type of fraud in conjunction with your membership, or (iv) knowingly misuse or permit the misuse of a Health Plan identification card, we may (i) retain the identification card, (ii) report any Member fraud to the authorities for prosecution (and pursue appropriate civil remedies) and (iii) terminate your membership and the membership of all of the other Members in your Family Unit upon 30 calendar days written notice to the Subscriber.

Other Rights. In lieu of or in addition to termination rights described above, we may pursue legal claims for injunctive and/or monetary relief against you and take any other appropriate action to protect the safety of persons and property so threatened, and to recover unpaid debts or damages caused by your violation of the terms of this EOC. We may also report any Member fraud to government authorities for prosecution and pursue appropriate civil remedies.

Termination for Nonpayment

If you fail to timely pay any Monthly Premiums you owe us, Hospitals or Medical Group, we may terminate your membership and the membership of all other Members in your Family Unit upon 15 calendar days written notice to the Subscriber. Services received after the effective date of termination will be charged at full charges. After termination of your enrollment for non-payment of Monthly Premiums, we may require payment of any outstanding Monthly Premiums for prior coverage, if permitted by applicable law.

For Members on a Non-Grandfathered plan, if we terminate your membership for nonpayment of Monthly Premiums, you may not enroll in any Kaiser Permanente plan until the next annual open enrollment period or unless you experience a triggering event (such as marriage or divorce, birth of a child, or the loss of certain other coverage) for a special enrollment period.
Other Reasons for Termination
To the extent consistent with applicable law, Members may be terminated for any of the following reasons and subject to the notice periods provided below.

- A Member (except for Family Dependents under age 26) no longer resides in the Service Area, termination is effective upon 30 calendar days written notice.
- A Member loses eligibility, such as by divorce from a Subscriber or a child who turns 26, termination is effective as of the end of the month in which the disqualifying event occurs.
- A Member is newly eligible for Medicaid, CHIP or another health plan and enrolls in such program, termination is effective the day before such new coverage begins.
- A Member changes to another qualified health plan during an annual open enrollment period or a special enrollment period, termination is effective on the day before the effective date of the new qualified health plan.
- For Members on a Non-Grandfathered plan, Member loses eligibility for any qualified health plan, termination is effective on the last day of the month following notice from the Exchange or Health Plan, unless Member requests an earlier date.
- For Members on a Non-Grandfathered plan, Member for whom we receive payment of advance premium tax credit fails to make timely payments of Monthly Premiums or Cost Shares, termination is effective as described in the Termination for Non-Payment section of this Chapter.

You may terminate membership for yourself and your Family Dependent(s), or for any particular Family Dependent, to the extent permitted by applicable law, including when a Member obtains another health plan with minimum essential coverage. You must give us at least 30 calendar days prior written notice. Membership will terminate on the last day of the month of your request.

Rescission of Membership
We may rescind your membership and the membership of all the other Members in your Family Unit after coverage becomes effective (i.e. completely cancel the membership so that no coverage ever existed), upon 30 calendar days written notice to the Subscriber, if you or any other Member in your Family Unit did any of the following:

- Performed an act, practice, or omission that constitutes fraud in connection with your membership or application for membership, or
- Made an intentional misrepresentation of material fact in connection with your membership or application for membership, such as intentionally omitting a material fact on the enrollment application.

We will send written notice to the Subscriber at least 30 calendar days before we rescind your membership, but the rescission will completely cancel your membership so that no coverage ever existed. A Member will be required to pay as a non-Member (full charges) for any services we covered. We will refund all applicable Monthly Premiums except that we may subtract any amounts owed to us. This person will not be allowed to enroll in a Kaiser Permanente health plan in the future.

Refunds of Monthly Premiums
Except where otherwise provided by the terms of this EOC and applicable law, you will receive at least 30 days advance written notice if we terminate membership for you and/or your Family Dependents. The
notice will state when membership will end for you and/or your Family Dependents. If you have paid Monthly Premiums beyond the date that membership ends, you may be eligible for a refund. Any amount due to you for claims for covered medical services while you and/or your Family Dependents were Members will be paid according to your plan benefits. Any amounts you owe us will be deducted from any payment we make to you.

For Members on a Non-Grandfathered plan, if we terminate your membership for nonpayment of Monthly Premiums, you may not enroll in any Kaiser Permanente plan until the next annual open enrollment period or unless you experience a triggering event (such as marriage or divorce, birth of a child, or the loss of certain other coverage) for a special enrollment period.

If you do not receive advance payment of the premium tax credit, and we do not receive the Monthly Premiums by the end of the 30-day notice period, the membership for you and/or your Family Dependents will be terminated retroactively back to the date that the Monthly Premiums were due. For Members on an applicable Non-Grandfathered plan purchased through the ACA exchange, if we receive advance payment of the premium tax credit on your behalf, then you are responsible for paying the portion of the Monthly Premiums that equals the Monthly Premiums minus the advance payment of the premium tax credit that we receive on your behalf for that month. If we do not receive your portion of the Monthly Premiums on time, we will send you a notice about your failure to pay Monthly Premiums on time and your grace period (the time frame in which you must pay your overdue Monthly Premium to avoid termination) and whether coverage continues during this grace period.

For Members on an applicable Non-Grandfathered ACA plan purchased through the ACA exchange, there is no grace period under this EOC except for Members for whom we receive advance payment of premium tax credit. We will send written notice to such Members stating when the grace period begins due to non-payment. If we do not receive your portion of all outstanding Monthly Premiums (including any Monthly Premiums for the grace period months that are already due on the date you make your payment) by the end of the grace period, we may terminate your membership so that it ends at 11:59 pm on the last day of the first month of the grace period. You will be responsible for paying Health Plan or Kaiser Permanente providers, as applicable, for any Services received after the termination of your coverage.

**Survival of Certain Terms following Termination**

Upon termination of this EOC or upon termination of the membership of any Member, the terms of this EOC shall survive as necessary for the limited purpose of adjudicating any claims and rights related to duties and rights arising under this EOC, including but not limited to: the Confidentiality section of this EOC; the duty to make payments incurred prior to termination, pursuant to the Monthly Premium section of this EOC; the Conversion, and Change of Residence sections of this EOC, the Arbitration sections of this EOC, and this Member Termination Provisions section of this EOC.
Chapter 7: Filing Claims for Payment

- Claims for Payment or Reimbursement (Services from Non-Kaiser Permanente providers)
- How to File Claims

Claims for Payment or Reimbursement (Services from Non-Kaiser Permanente providers)

You must receive all your care from Kaiser Permanente providers and within Kaiser Permanente facilities with the exception of a few circumstances listed below.

- Written and authorized referral (by a Kaiser Permanente provider and/or our Authorization and Referrals department)
- Emergency Services, or out-of-state urgent care when traveling
- Dependent child benefits (as described in this Guide) while out-of-state.

In most cases, the Non-Kaiser Permanente provider will submit a claim form and itemized statement describing the services received on your behalf. The Non-Kaiser Permanente provider’s statement needs to include itemized statements describing services received. We review and authorize claim(s) after the services have been provided, not during an Emergency or urgent episode. If you, your family members, or providers call us during an Emergency or urgent episode, we’ll confirm your membership status. However, we will not authorize coverage or payment at that time.

If Health Plan fails to meet your expectations in the quality of care or medical service provided, you may file a grievance. If you are dissatisfied with Health Plan’s denial of a medical service/item request, you have a right to appeal that denial. For a full description of procedures regarding claims, grievances or appeals, please refer to your Member Handbook or call Member Services at the phone number listed in the back of this Guide.

How to File Claims

In some cases, you may need to pay for services up front. In this case, you may file a claim for reimbursement by sending your name (patient’s name) and medical record number, paid receipt(s), medical documentation, and a written statement describing the sequence of events to the Kaiser Permanente Claims address within 90 days (or as soon reasonably possible) after services were received.

Kaiser Permanente Claims Address:

Kaiser Foundation Health Plan, Inc.
Attn: Claims Administration
P.O. Box 378021
Denver, CO 80237
File a separate claim for each covered family member and each provider. You should follow the same procedure for filing a claim for services received in or out-of-state or out-of-country. When we receive the claim(s) and medical information, we’ll determine whether the services are covered by your Kaiser Permanente Plan. Filing a claim does not guarantee payment of that claim. If approved, reimbursement is made to providers, less your Cost Shares, according to your health plan benefits.

You may appoint someone to file the claim on your behalf. If you choose to appoint a representative, you must name this person in writing and state that he or she may file the claim on your behalf. Both you and your representative must sign this statement, unless the person is your attorney. When necessary, your representative will have access to medical information about you that relates to the request. If you prefer, you may call Member Services listed in the back of this guide to request an Appointment of Representative form.

If you have questions relating to filing a claim, please contact Member Services listed in the back of this guide. If you have questions specific to a claim already submitted, including the status of your claim, the amount paid, information relating to your cost, or the date the claim was paid, if applicable, please call Claims Administration at 1-877-875-3805.
Chapter 8: Dispute Resolution

- Binding Arbitration
- Initiating Binding Arbitration
- Arbitration Proceedings
- General Provisions
- Arbitration Confidentiality
- Special Claims

**Binding Arbitration**

Except as provided in this chapter, any and all claims, disputes, or causes of action arising out of or related to this EOC, its performance or alleged breach, or the relationship or conduct of the parties, including but not limited to any and all claims, disputes, or causes of action based on contract, tort, statutory law, or actions in equity, shall be resolved by binding arbitration.

This includes but is not limited to any claim asserted:

By or against a Member, a patient, the heirs or the personal representative of the estate of the Member or patient, or any other person entitled to bring an action for damages, arising from or related to harm to the member or patient as permitted by applicable federal or Hawaii state law existing at the time the claim is filed ("Member Parties"). For purposes of this EOC, all family members of the member or patient who have derivative claims arising from such harm, shall also be deemed “Member Parties” and bound to these arbitration terms;

On account of death, bodily injury, physical ailment, mental disturbance, or economic loss arising out of the rendering or failure to render medical services or the provision or failure to provide benefits under this EOC, premises liability, or arising out of any other claim of any nature, irrespective of the legal theory upon which the claim is asserted; and

By or against one or more of the following entities or their employees, officers or directors ("Kaiser Permanente Parties"):

- Kaiser Foundation Health Plan, Inc.,
- Kaiser Foundation Hospitals,
- Hawaii Permanente Medical Group, Inc.,
- The Permanente Federation, LLC,
- The Permanente Company, LLC,

Any individual or organization that contracts with an organization named above to provide medical services to Health Plan Members, when such contract includes a provision requiring arbitration of the claim made.
Notwithstanding any provisions to the contrary in this EOC, the following claims shall not be subject to mandatory arbitration:

- claims for monetary damages within the jurisdictional limit of the Small Claims Division of the District Courts of the State of Hawaii;
- actions for appointment of a legal guardian of a person or property subject to probate laws;
- purely injunctive orders reasonably necessary to protect Kaiser Permanente's ability to safely render medical services under this EOC (such as temporary restraining orders, and emergency court orders).

**Initiating Binding Arbitration**

A demand for arbitration shall be initiated by sending a registered or certified letter to each named party against whom the claim is made, with a notice of the existence and nature of the claim, the amount claimed and a demand for arbitration. Any Kaiser Permanente Parties shall be served by registered or certified letter, postage prepaid, addressed to the Kaiser Permanente Parties in care of the Health Plan at the address set forth in this EOC. The arbitrators shall have jurisdiction only over persons and entities actually served.

**Arbitration Proceedings**

Within 30 days after the service of the demand for arbitration, the parties shall agree on a panel of arbitrators from which to select arbitrators or shall agree on particular arbitrators who shall serve for the case. If the parties cannot agree on any panel of arbitrators or particular arbitrators within the 30 days, then the panel of arbitrators shall be that of Dispute Prevention and Resolution, Inc. (“DPR”). Unless the parties agree to any other arbitration service and rules, DPR shall administer the arbitration and its arbitration rules shall govern the arbitration (including rules for selection of arbitrators from a panel of arbitrators, if the parties have not already agreed upon particular arbitrators to serve). Kaiser Permanente shall notify DPR (or such other arbitration service as may be chosen by the parties) of the arbitration within 15 days following the expiration of the 30-day period noted above.

Within 30 calendar days after notice to Dispute Prevention and Resolution, Inc., the parties shall select a panel of three arbitrators from a list submitted to them by the arbitration service. In all claims seeking a total monetary recovery less than $25,000.00, and in any other case where the parties mutually agree, a panel of one arbitrator selected by both parties from a list submitted to them by the arbitration service will be allowed. The arbitrator(s) will arrange to hold a hearing in Honolulu (or such other location as agreed by the parties) within a reasonable time thereafter.

Limited civil discovery shall be permitted only for:

- production of documents that are relevant and material,
- taking of brief depositions of treating physicians, expert witnesses and parties (a corporate party shall designate the person to be deposed on behalf of the corporation) and a maximum of three other critical witnesses for each side (i.e., respondents or claimants), and
• independent medical evaluations.

The arbitrator(s) will resolve any discovery disputes submitted by any party, including entry of protective orders or other discovery orders as appropriate to protect the parties’ rights under this paragraph.

Any payment for the fees and expenses of the arbitration service and the arbitrator(s) shall be borne one-third by the Member Parties and two-thirds by the Kaiser Permanente Parties.

Each party shall bear their own attorney’s fees, witness fees, and discovery costs.

The arbitrator(s) may decide a request for summary disposition of a claim or particular issue, upon request of one party to the proceeding with notice to all other parties and a reasonable opportunity for the other parties to respond. The standards applicable to such request shall be those applicable to analogous motions for summary judgment or dismissal under the Federal Rules of Civil Procedure.

In claims involving benefits and coverage due under this EOC or disputes involving operation of the Plan, Health Plan’s determinations and interpretations, and its decisions on these matters are subject to de novo review.

The arbitration award shall be final and binding. The Member Parties and Kaiser Permanente Parties waive their rights to jury or court trial.

With respect to any matter not expressly provided for herein, the arbitration will be governed by the Federal Arbitration Act, 9 U.S.C. Chapter 1.

**General Provisions**

All claims based upon the same incident, transaction or related circumstances regarding the same Member or same patient shall be arbitrated in one proceeding (for example, all Member Parties asserting claims arising from an injury to the same Health Plan Member, shall be arbitrated in one proceeding).

A claim for arbitration shall be waived and forever barred if on the date notice thereof is received, the claim, if it were then asserted in a civil action, would be barred by the applicable Hawaii statute of limitations. All notices or other papers required to be served or convenient in the conduct of arbitration proceedings following the initial service shall be mailed, postage prepaid, to such address as each party gives for this purpose. If the Federal Arbitration Act or other law applicable to these arbitration terms is deemed to prohibit any term in this EOC in any particular case, then such term(s) shall be severable in that case and the remainder of this EOC shall not be affected thereby. Class actions and consolidation of parties asserting claims regarding multiple members or patients are prohibited. The arbitration provisions in this EOC shall supersede those in any prior EOC.

**Arbitration confidentiality**

This EOC concerns personal medical information whose confidentiality is protected by law. Neither party nor the arbitrator(s) may disclose the substance of the arbitration proceedings or award, except as required by
law or as necessary to file a motion regarding the award pursuant to the Federal Arbitration Act, in any 
Federal or state court of appropriate jurisdiction within Hawaii, and in that event, the parties shall take all 
appropriate action to request that the records of the arbitration be submitted to the court under seal.

**Special Claims**

**Medical Malpractice Claims**
Prior to initiating any arbitration proceedings alleging medical malpractice, Member Parties shall first submit 
the claim to a Medical Claim Conciliation Panel pursuant to Chapter 671, Hawaii Revised Statutes, Sections 
11-19. Following the rendering of an advisory decision by the Medical Claim Conciliation Panel, if the claim 
has not been withdrawn or settled, Member Parties shall serve a demand for arbitration on Kaiser 
Permanente Parties as specified in this Chapter.

**External Appeal of Internal Review Decisions**
If you disagree with Kaiser Permanente’s final internal determination, you shall request binding arbitration 
pursuant to the procedures in this EOC.

In addition to the arbitration procedures set forth in this EOC, Hawaii Revised Statutes Chapter 432E also 
creates certain external review rights to submit a request for external review to the State Insurance 
Commissioner within one hundred thirty days from the date of Kaiser Permanente’s final internal 
determination. These rights are subject to the limitations noted at the end of this subsection, and subject to 
the requirements and limitations in Hawaii Revised Statutes Chapter 432E (including exhaustion of Kaiser 
Permanente’s internal claims and appeals procedures before requesting external review, except as specified 
in Chapter 432E for situations when simultaneous external review is permitted to occur or Kaiser 
Permanente has failed to comply with federal requirements regarding its claims and appeals process). A 
complete description of Kaiser Permanente’s claims and appeals procedures is described in the Member 
Handbook.

Chapter 432E external reviews are limited to situations where (a) the complaint is not for allegations of 
medical malpractice, professional negligence or other professional fault by health care providers, and (b) the 
complaint relates to an adverse action as defined in Hawaii Revised Statutes Chapter 432E. An adverse 
action is a Health Plan determination that a health care service that is a covered benefit has been reviewed 
and denied, reduced or terminated because it does not meet Health Plan’s requirements for medical 
necessity, appropriateness, health care setting, level of care, or effectiveness. Health Plan objects to external 
reviews under Chapter 432E which do not meet these criteria, and reserves its full rights and remedies in this 
regard. The recitation of State law provisions shall not be deemed to constitute any waiver of such 
objections.
Chapter 9: Coordination of Benefits

• Coordination of Benefits
• If You are Hospitalized When Coverage Begins
• Medicare
• Third Party Liability
• Special provisions for Members Entitled to Medicare Benefits
• U.S. Department of Veterans Affairs

Coordination of Benefits
You may have other insurance coverage that provides benefits that are the same or similar to this plan. The Services covered in this EOC are subject to coordination of benefits (COB) rules. If you have dental or medical coverage with another health plan or insurance company, we will coordinate benefits with the other coverage in accordance with the current National Association of Insurance commissioners (NAIC) Model Regulation Rules for Coordination of Benefits. Those rules are incorporated into this EOC.

If You Are Hospitalized When Coverage Begins
If you are hospitalized when your coverage begins, you will be covered under this EOC in accord with your hospital benefit on that same coverage effective date. See the Effective Date of Coverage section in Chapter 6: Membership Information of this Guide.

Medicare
After joining this plan, Members may become eligible for or entitled to coverage under Medicare (such as Parts A and/or B) due to age, disability or end stage renal disease. A Member who is or becomes eligible for coverage under Medicare, should promptly contact the Member Services Center at the phone number in the back of this Guide, to give us notice of such eligibility and to receive information about our Senior Advantage Plan.

Third Party Liability
If You Have Coverage Under Worker’s Compensation
If you have or may have coverage under worker’s compensation insurance for an illness or injury, please note that the medical expenses arising from injuring or illness covered under worker’s compensation insurance are excluded from coverage under this EOC.

Financial responsibility for medical services for any illness, injury, or condition, to the extent a payment or any other benefit, including any amount received as a settlement (collectively referred to as “Financial Benefit”), that is provided under any workers’ compensation or employer’s liability law is not covered under this EOC. We will provide medical services even if it is unclear whether you are entitled to
a Financial Benefit, but we may recover the value (calculated at full charges) of any such medical services provided under this EOC from the following sources:

- any source providing a Financial Benefit or from whom a Financial Benefit is due
- from you, to the extent that a Financial Benefit is provided or payable

We reserve the right to bill your employer or your employers’ worker’s compensation carrier for medical services provided under this EOC.

If you receive payment from the proceeds of a settlement, judgment or other payment received from or on behalf of your employer or employer’s worker’s compensation insurance carrier, you shall repay Health Plan first from any payments received, for the value of medical services provided calculated at full charges.

You are responsible for notifying us of any "work injury", as defined by Chapter 386, Hawaii Revised Statutes, Section 1-3. If you receive any payment under any workers’ compensation or employer’s liability law on account of the injury or illness, and you give us (or our nominees) back all amounts (up to the value of medical services received computed at full charges), charges for medical services provided under this EOC will be canceled to the extent they exceed the amount recovered. If there is no recovery, all charges provided under this EOC will be canceled.

**Third Party Liability Injuries (including motor vehicle accidents)**

If you are or may be entitled to medical benefits from your automobile coverage, you must exhaust those benefits first, before receiving benefits from us. You are responsible and must pay us full charges for medical services and items you receive (or for which we have made payment) for injury or illness that is:

- Caused or alleged to be caused by any act or omission of another party giving rise to a legal claim again another party, insurer, or organization, or
- Incurred in a motor vehicle accident, irrespective of fault
- (both herein referred to as “Third Party Liability Injuries”)

However, with regard to covered medical services received, and subject to the “General Provisions” section below, if you make reasonable efforts to obtain payment for Third Party Liability Injuries, and remit to us all amounts received (up to the value of the covered medical services received computed at full charges) whether from settlement, judgment, under liability coverage, as medical payments under Hawaii Motor Vehicle Accident Reparations Act (“Hawaii Motor Vehicle Insurance Law”), under any state or federal legislations of similar purpose or import, or any other source, then charges for covered medical services are canceled to the extent they exceed the amount recovered by you (or your estate, parent or legal guardian) from or on behalf of the other party.

These provisions do not affect your obligations to pay your applicable Cost Shares.

You must immediately make payment to us from the proceeds of any settlement, judgment or other payment received from or on behalf of any other party, insurance company or organization for Third
Party Liability Injuries, and we (or our designee) shall have a first priority lien on the settlement, judgment or other payment for that purpose.

Your duty of repayment applies to any such settlement, judgment or other payment proceeds obtained, even if such proceeds do not specifically include medical expenses, or are stated to be for general damages only, or are obtained on your behalf by a parent, estate, or legal representative, or are distributed to other persons, or are obtained without any admission of liability or causation by the third-party payor. No reductions for attorneys’ fees, costs or other expenses may be made from the amounts owing us for Third Party Liability Injuries.

At our (or our designee’s) request, you (or your estate, parent or legal guardian) shall execute a lien form directing your attorney or the third party to make payments due hereunder directly to us (or our designee). Our rights under this section will be enforceable regardless if you execute the lien form.

Our right to reimbursement shall include, but is not limited to, any recovery you receive from uninsured motorist coverage, underinsured motorist coverage, workers compensation coverage, no-fault, or any other liability coverage.

General Provisions
The benefits provided under this section (including cancellation of charges) are not available to the extent of all medical-rehabilitative benefits to which you were entitled under your auto insurance policy or the Hawaii Motor Vehicle Insurance Law, prior to any use, transfer or exhaustion of said benefit by you, which you do not use to pay for medical services or items under this section.

You must do all of the following:

- Cooperate in protecting our interests under these sections,
- Execute and deliver to us (or our designee) all liens, assignments, consents, releases, authorizations, or other documents which we determine are necessary and proper to determine the applicability of and enforce our rights under this section,
- Authorize and direct any person (including your attorney) making any payment on account of any such injury or illness to pay us (or our designee) in order to discharge your obligations under this EOC,
- Not take any actions prejudicial to our rights/interests, and
- Within 30 calendar days after submitting or filing a claim or legal action against a third party arising from alleged acts or omissions (or anticipation of such), you must send written notice of the claim or legal action to:

  Kaiser Foundation Health Plan, Inc.
  711 Kapiolani Boulevard
  Honolulu, Hawaii 96813

We have the option of becoming subrogated to all claims and causes of action that you may have against another party, insurer, or organization for damages on account of Third Party Liability Injuries.
We shall have a first priority lien on the proceeds of any settlement or judgment for Third Party Liability Injuries. The provisions of this section apply even if the total amount of the recovery on account of the injury or illness is less than your actual loss and regardless of how the proceeds are characterized or itemized.

To be eligible for partial or complete cancellation of charges, or to have payments made under the “Emergency Services” section, you must comply with the provisions of this “Third party liability injuries (including motor vehicle accidents)” section.

**Special Provisions for Members Entitled to Medicare Benefits**

When Hospitals have provided Services to a Medicare Member for Third Party Liability Injuries, Hospitals will, in compliance with federal law, seek reimbursement under the medical expense payment provisions of any motor vehicle insurance policy covering the Member. Each such Member must furnish information about the existence and terms of any such policy, and complete and submit all claims, releases and other documents necessary for Hospitals to comply with federal law.

**U.S. Department of Veterans Affairs**

You are not covered for Services for any military service-connected illness, injury or condition when the law requires such Services to be provided only by or received only from a government agency. However, we may cover such Services if we are able to recover the value of the Services from the Department of Veterans Affairs. For any Services for conditions arising from military service that the law requires the Department of Veterans Affairs to provide, we will not pay the Department of Veterans Affairs.
Chapter 10: Additional Plan Provisions

• Confidentiality
• Privacy information
• Relation Among Parties Affected by this EOC
• Miscellaneous Provisions

Confidentiality

Your Medical Records and Confidentiality

Patient-identifying information from your medical records and patient-identifying information received by us incident to the physician-patient or hospital-patient relationship is kept confidential and is not disclosed without your prior consent, except as authorized by state or federal law.

By enrolling in our plan with us, you authorize us to obtain and use information from your medical records and billing records (including providing this information to agents and employees of us) for purposes of Health Plan operations, medical treatment, claims processing, quality assurance, provider peer review, research, education, and compliance with government regulations and accreditation requirements. You must sign and submit to us all consents, releases, and other documents reasonably necessary for us to obtain access to your medical records and billing records not held by us, to the extent reasonably necessary for the above stated purposes.

Privacy Information

Your privacy is important to us. Our physicians and employees are required to keep your protected health information (PHI) confidential whether it is oral, written, or electronically transmitted. We have policies, procedures, and other safeguards in place to help protect your PHI from improper use and disclosure in all settings, as required by state and federal laws.

We will release your PHI when you give us written authorization to do so, when the law requires us to disclose information, or under certain circumstances when the law permits us to use or disclose information without your permission. For example, in the course of providing treatment, our health care professionals may use and disclose your PHI in order to provide and coordinate your care, without obtaining your authorization.

Your PHI may also be used without your authorization to determine who is responsible to pay for medical care and for other health care operations purposes such as quality assessment and improvement, customer service, and compliance programs. Sometimes, we contract with others (business associates) to perform services for us and in those cases, our business associates must agree to safeguard any PHI they receive.
Our privacy policies and procedures include information about your right to see, correct, update, and receive copies of your PHI. You may also ask us for a list of our disclosures of your PHI, which we are required to track under the law.

For a more complete explanation of our privacy policies, please request a copy of our Notice of Privacy Practices, which is available on our website www.kp.org/privacy, in our medical offices, or by calling Member Services. If you have questions or concerns about our privacy practices, please contact Member Services listed on the back cover of this EOC.

**Relation Among Parties Affected by this EOC**

**Independent Contractors**

You are not the agent or representative of Health Plan. Health Plan is not a representative nor an agent of you. You are not liable for any act or omission of: Health Plan, its agents or employees; Medical Group; any Physician; Hospitals; or any other person or organization with which Health Plan has made or hereafter makes arrangements for performance of services under this EOC. Health Plan is not liable for any act or omission of you or your agents.

Physicians maintain the physician-patient relationship with you, and are solely responsible for all medical services to you. Hospitals maintain the hospital patient relationship with you and are solely responsible for all Hospital Services to you.

**Relations in the Event of Termination**

If the contracts between Health Plan and Medical Group, or between Health Plan and Hospitals, or between Health Plan and any other contracting provider, are terminated while this EOC is in effect and while you are under the care of such provider, Health Plan will retain financial responsibility for care by that provider which is covered under this EOC, in excess of any applicable Deductible or Cost Shares, until Health Plan makes arrangements for such medical services to be provided by another contracting provider.

The contracts between Health Plan and Medical Group and between Health Plan and Hospitals provide that you are not liable for any amounts owed Medical Group or Hospitals by Health Plan. However, a Member may be liable for the cost of any services obtained from a non-contracting provider if Health Plan fails to pay that provider.

**Miscellaneous Provisions**

**Applications, Statements, and Questionnaires**

Members or applicants for membership shall complete and submit to us such applications, medical review questionnaires, medical records release authorizations, or other forms or statements as we may reasonably request.

**Assignment**

Neither this EOC nor any of the rights, interest, claims for money due, benefits or obligations hereunder shall be assigned by you to another party, including any contracted and non-contracted health care providers,
without our prior written consent, and any attempt to do so without our prior written consent shall be void. Direct submission of a claim by any provider on behalf of you, direct reimbursement to any provider, or the appointment by you of an authorized representative, or any other action permitted by the EOC, Member Handbook or other documents relating to administration of benefits do not imply consent to an assignment or alter this prohibition on assignments.

**Attorney Fees and Costs**

Unless stated otherwise in this EOC, each party shall pay for their own costs, attorney fees, and attorney expenses incurred as a result of any claim or dispute arising out of an alleged violation of a legal duty incident to this EOC.

**Compliance with Laws**

Subscriber, Subscriber’s Family Dependents and Health Plan shall comply with all federal and state laws, rules and regulations when performing duties or exercising rights related to this EOC. This includes Subscriber and Health Plan satisfying all requirements under the Patient Protection and Affordable Care Act (PPACA) and related federal health care reform laws and regulations. To the extent required by PPACA, Health Plan will provide electronic or paper summaries of benefits and coverage (SBCs) to Subscribers.

For Members on Non-Grandfathered plan, Health Plan shall also comply with all health care related requirements set forth by the PPACA regarding Essential Health Benefits (EHB) and benchmark plan benefits, to the extent required by law to be provided by Health Plan.

**EOC Binding on Members**

By electing coverage pursuant to this EOC, paying Monthly Premiums, or receiving medical services, you accept and agree to all terms, conditions and provisions of this EOC for yourself and your Family Dependents. To be eligible for coverage, Members and applicants for membership must complete any applications, forms or statements that we reasonably request.

**EOC Implementation**

We may adopt reasonable policies, procedures, rules and interpretations to promote orderly and efficient implementation of this EOC.

**EOC Modification**

We may modify this EOC with respect to any matter, effective as of the anniversary date of this EOC. If we do, we will notify you in writing of material benefit changes at least 30 calendar days before the changes are effective. Health Plan may also amend this EOC at any time with respect to any matter (including rates) as it relates to changes required by state or federal law, or state or federal regulators. If you continue to pay the Monthly Premiums or receive medical services provided or arranged by us after the change has gone into effect, you thereby agree to the changes. Your consent also covers your enrolled Family Dependents.

**EOC Term**

This EOC continues in effect from January 1st of each year (or such later date on which Subscriber first enrolls) through December 31st of that same year unless it is terminated earlier. This EOC does not automatically
renew. We will offer you a new EOC to become effective immediately after termination of this EOC. If this EOC terminates pursuant to the Member Termination Provisions section of this Guide, or is non-renewed in accordance with applicable law (including for cause or non-payment as described in the Member Termination Provisions section of this Guide), we reserve the right to not offer you a new EOC, in accordance with applicable law.

Essential Health Benefits (for Members on a Non-Grandfathered ACA plan)

Essential Health Benefits (EHBs) are benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits include ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services to the extent required by HHS and EHB-benchmark plan. These Essential Health Benefits are subject to change at any time to conform to applicable laws and regulations. This list is available through Member Services.

Health Plan certifies that this EOC covers Essential Health Benefits to the full extent required by law, except pediatric oral care services are not covered. Coverage for pediatric oral care should either be obtained via a stand-alone (independent) dental plan or via a “bundled” qualified health plan (QHP) purchased from Kaiser Permanente Hawaii Region ((if purchased through us, the benefit will be described in the Benefit Summary in the front of this Guide), in accordance with applicable law. “Bundled” qualified health plans are medical plans that have been certified and approved as a QHP, in accordance with the Patient Protection and Affordable Care Act, and are bundled with a stand-alone exchange-certified pediatric dental plan from Hawaii Dental Service (HDS). Information regarding dental benefits should be obtained directly from HDS.

All other terms of coverage in this EOC applicable to Essential Health Benefits remain effective, including but not limited to the Exclusions and Limitations section of this EOC and the requirement that covered services be provided by or arranged by a Physician and be provided at a Medical Office, Hospital or Skilled Nursing Facility, except where such terms of coverage are specifically limited in this EOC (such as for emergency services) or would violate applicable law.

Essential Health Benefits are provided upon payment of the Cost Shares listed in the Benefit Summary in the front of this Guide.

Payments toward Essential Health Benefits count toward the Member’s Annual Copayment Maximum, as described in the Benefit Summary in the front of this Guide and Chapter 2: Payment Definitions and Information.

Governing Law

Except as preempted by federal law or expressly specified otherwise in this EOC, this EOC will be governed in accord with Hawaii law.

Identification Cards

Cards issued by us to you pursuant to this EOC are for identification only. Possession of a Health Plan identification card confers no rights to medical services or other benefits under this EOC. To be entitled to such medical services or benefits the holder of the card must, in fact, be a Member on whose behalf all
charges under this EOC have been paid. Any person receiving medical services or other benefits to which he or she is not then entitled pursuant to the provisions of this EOC is responsible for the cost of those medical services at full charges.

Notices
Any notice under this EOC may be given by United States Mail, postage prepaid, addressed as follows:

If to Health Plan:

KAISER FOUNDATION HEALTH PLAN, INC.
Member Services Department
711 Kapiolani Boulevard
Honolulu, Hawaii 96813

If to a Member:

To the latest address provided for the Member on enrollment or change of address forms actually delivered to Health Plan.

No Waiver
Failure by us to enforce any term or condition of this EOC will not be considered a waiver or an impairment of our right thereafter to require strict performance of any term or condition in this EOC. Without waiver of these terms, we reserve the right to establish criteria for alternative treatment plans for certain medical conditions that require costly, long-term, or extensive care, and alternative payment plans for extenuating circumstances where you are unable to pay any applicable Deductible or Cost Share on a timely basis under this EOC; provided that we and you must mutually agree in writing to the terms of such alternative plans.

Oral Statements
No oral statement of any person shall modify or otherwise affect the benefits, limitations, and exclusions of this EOC, convey or void any coverage or increase or reduce any benefits under this EOC.

Overpayment
We may recover any overpayment it makes for services from anyone who receives such an overpayment, or from any person or organization obligated to pay for the services.

Refusal to accept treatment
Certain Members may, for personal reasons, refuse to accept procedures or treatment recommended by Physicians. Physicians may regard such refusal as incompatible with the continuance of a satisfactory physician-patient relationship and as obstructing the provision of proper medical care. Physicians use their best efforts to render all necessary and appropriate professional services in a manner compatible with a Member’s wishes, insofar as this can be done consistently with the Physician's judgment regarding proper medical practice. If a Member refuses to follow a recommended treatment or procedure for a condition, and the Physician believes that no professionally acceptable alternative exists, the Member will be so advised. If the Member still refuses to follow the recommended treatment or procedure, then neither Medical Group,
Hospitals, Health Plan nor any Physician has any further responsibility to provide any alternative treatment or procedure sought by Member for that condition.

**Severability**
If any term(s) in this EOC is found invalid under applicable law, the validity of the remaining portions of this EOC shall not be affected and the rights and duties hereunder shall be construed and enforced as if this EOC did not contain the term(s) held to be invalid.

**Special Claims and Appeals Provisions for Medicare Members**
Claims and appeals related to Medicare benefits for Members are governed by federal regulations which must be observed by us and Members. Explanation is given in the Member Handbook.
Chapter 11: Glossary

As used in the EOC, the terms in boldface type, when capitalized, have the meanings shown.

**ACA:** Refers to the Affordable Care Act, a federal health care law also known as the Patient Protection and Affordable Care Act (“PPACA”).

**Annual Copayment Maximum:** The Annual Copayment Maximum is the maximum Cost Share you pay out of your pocket in a calendar year. Once you meet the Annual Copayment Maximum you are no longer responsible for Cost Share amounts for eligible covered Services, unless otherwise noted.

**Applicable Charges:**

For professional services, Applicable Charges mean:

- When Medical Group or Health Plan Hospital provides medical Services to a Member, then Member Rates are used,
- When a contracted non Medical Group practitioner or a contracted non Health Plan facility provides medical Services to a Member, the Applicable Charge is the negotiated rate,
- When a non-contracted non Medical Group practitioner or a non-contracted non Health Plan facility provides medical Services to a Member, the Applicable Charge is the fee that we determine to be usual, reasonable and customary. This means a fee that:
  - does not exceed the fees accepted as payment for similar Services by other providers; and
  - is in accord with standard coding guidelines and consistent with accepted health care reimbursement payment practices.

For other medical Services or items, Applicable Charges mean:

- When Kaiser Permanente provides medical Services or items to a Member, then Member Rates are used,
- When medical Services or items are not provided by Kaiser Permanente, then Applicable Charges mean the negotiated rate, or the fee that we determine to be usual, reasonable and customary. This means a fee that:
  - does not exceed the fees accepted as payment for similar Services by other providers; and
  - is in accord with standard coding guidelines and consistent with accepted health care reimbursement payment practices.

**CHIP:** The Children’s Health Insurance Program provides health insurance coverage for children that do not qualify for Medicaid, but remain in families that cannot afford to purchase health insurance.

**Cost Share:** A Cost Share applies to most covered Services. It is either a fixed percentage of Applicable Charges or a fixed dollar amount. In addition to Cost Share, please refer to Annual Deductible if your plan has a Deductible.
Covered Services: Services or supplies that meet payment criteria and are either: 1. Listed in this Guide in Chapter 3: Benefit Description or 2. Not listed in this guide in Chapter 4: Services Not Covered.

Deductible: The Annual Deductible is the amount you must pay for certain covered medical Services in an calendar year before Kaiser Permanente will cover those Services. Once you meet the Annual Deductible, you are no longer responsible for deductible amounts for the remainder of the calendar year, and you pay the Cost Share for the covered Services. Each member Annual Deductible counts toward the family unit Annual Deductible amount. Most HMO Plans do not have a deductible.

Dependent Child: The dependent (biological, step, or adopted) child of the Subscriber or the Subscriber’s Spouse as described in Chapter 6: Membership Information of this Guide.

Emergency, or Emergency Medical Condition: a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

• Serious risk to the health of the individual (or, with respect to a pregnant woman, the health of the woman and her unborn child)
• Serious impairment to bodily functions
• Serious dysfunction of any bodily organ or part

Evidence of Coverage (EOC): This Kaiser Permanente Hawaii Guide to your Health Plan (Guide), Riders, application/enrollment form, and amendments.

Family Dependent: Any person (i) who meets all applicable eligibility requirements in Chapter 6: Membership Information of this EOC; (ii) who is enrolled hereunder; and (iii) for whom the prepayment required in Chapter 2: Payment Definitions and Information of this EOC and has been received by us.

Family Unit: A Subscriber and all of his or her Family Dependents on the same plan with the same benefits.

Grandfathered Plan: A health insurance policy purchased on or before March 23, 2010, which has not made changes outlined in the Affordable Care Act that would cause the plan to lose Grandfathered status. These plans are exempt from some of the rights and protections provided under the Affordable Care Act.

Health Plan: Kaiser Foundation Health Plan, Inc., Hawaii Region, a California nonprofit corporation.

Health Plan Region: Each of the specific geographic areas where Kaiser Foundation Health Plan, Inc., or a related organization conducts a direct service health care program.

Hospital: Any hospital in the Service Area to which you are admitted to receive Hospital Services pursuant to arrangements made by a Physician. A current list of Hospitals may be obtained from the Member Services.
**Hospital Services:** Except as expressly limited or excluded by this EOC, those Medically Necessary medical services for acute care registered bed patients that are (i) generally and customarily provided by acute care general hospitals in the Service Area; and (ii) performed, prescribed, or directed by the Physician, or authorized in writing by the Medical Group.

**Kaiser Permanente:** The program composed of Kaiser Foundation Health Plan, Inc., Hawaii region, (a nonprofit corporation), Kaiser Foundation Hospitals (a nonprofit corporation), and Hawaii Permanente Medical Group (a for-profit professional corporation or partnership).

**Medical Group:** Hawaii Permanente Medical Group, Inc.

**Medically Necessary:** means Services that meet all of the following criteria:

- Recommended by the treating PCP or Kaiser Permanente licensed health care practitioner,
- Approved by the Kaiser Permanente’s medical director or designee,
- For the purpose of treating a medical condition,
- The most appropriate delivery or level of Service, considering potential benefits and harms to the patient,
- Known to be effective in improving health outcomes provided that:
  - Effectiveness is determined first by scientific evidence;
  - If no scientific evidence exists, then by professional standards of care; and
  - If no professional standards of care exist or if they exist but are outdated or contradictory, then by expert opinion; and
  - Cost-effective for the medical condition being treated compared to alternative health interventions, including no intervention. For purposes of this paragraph, cost-effective shall not necessarily mean the lowest price.
- And Services that are not known to be effective in improving health outcomes include, but are not limited to, Services that are experimental or investigational.

All covered Services must be Medically Necessary, prescribed, and consistent with reasonable techniques specified under this EOC with respect to the frequency, method, treatment, or licensing or certification to the extent the provider is acting within the scope of the provider’s license or certification under applicable Hawaii State law.

**Medical Office:** Any outpatient treatment facility staffed by Medical Group. A current list of Medical Offices may be obtained from the Member Services.

**Medicare:** The Federal Health Insurance Program for people 65 years or older, people under age 65 with certain disabilities, and people of any age with End Stage Renal Disease (ESRD).

**Member:** Any Subscriber or Family Dependent.

**Kaiser Permanente Senior Advantage Member:** Any individual enrolled under the Senior Advantage Group Plan.
Member Rates: The amount that Health Plan would charge a Member for a medical Service or item if the Member’s benefit plan did not cover the medical Service or item. Amounts paid as Member Rates for non-covered Services do not count toward payment of any Deductible. Health Plan determines the Member Rate by considering these factors:

- the cost of acquiring, storing, and/or dispensing the item;
- increases in the cost of medical and non-medical Services in Hawaii over the previous year;
- the relative difficulty of the medical Service compared to other medical Services;
- changes in technology; and
- payment for the medical Service under federal, state, or private insurance programs.
