Section 1—Introduction
This directory provides a list of Kaiser Permanente’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

Your Primary Care Physician
You will have to choose one of our network providers listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP.

Your PCP meets state standards and is trained to give you primary medical care. He or she will usually practice general medicine, also called internal medicine or family practice. Women may also choose specialists in obstetrics-gynecology whom the Medical Group designates as Primary Care Physicians.

Your PCP will provide most of your care. If you need a specialist, your PCP will help you choose a doctor in that field and work with him or her as part of your health care team.

You can choose your PCP from any of our available primary care network providers. Once you make your choice, it is effective right away. If you wish, you can change your PCP for any reason.

Choosing or changing your doctor
We believe that an important part of your total health is building a trusted relationship with your primary care doctor. He or she is your supporter for your health needs and goals, helping you with everything from preventive care exams and advice for healthier living to treating you when you’re sick.

Whether you’re new to Kaiser Permanente or a longtime member looking for a change, choosing a personal doctor to coordinate your care is easy. You can learn about each doctor’s certifications, specialties, languages spoken, interests, and more on kp.org/finddoctors to help you find the right fit for you.

If you want to make a switch, you can change your doctor at any time and for any reason.

A doctor for your unique needs
You can choose a personal doctor from one of the departments listed next.

- Adult or Internal Medicine (Internists)
- Family Medicine (Family practitioners)
- Obstetrics-Gynecology (Ob-Gyn) This department provides comprehensive gynecologic and obstetric care. Women 18 to 64 may choose an ob-gyn as well as a personal physician. We encourage sexually active teenage girls to also choose an ob-gyn.
- Pediatrics Pediatricians care for infants, children, adolescents, and teens.

How to choose or change your doctor
Online
Search our directory for primary care practitioners who are accepting new patients. Then browse their profiles to find the right doctor for you. Follow these steps:

1. Go to kp.org/finddoctors.
2. Choose your area.
3. Narrow your search by city, doctor name, etc.
4. Click “Search.”
5. Read about the doctors and click “Select me” when you find a good match that is accepting new patients.

Phone
Call our physician selection service at 1-888-956-1616, weekdays from 7 a.m. to 7 p.m. We’ll talk to you about your needs and help you make your choice. For TTY for the Deaf, hard of hearing, or speech impaired, call 711. Your family is free to choose different doctors at different locations.
Getting Covered Care

For Senior Advantage members, you must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Kaiser Permanente will be responsible for the costs.

For Kaiser Permanente Medicare Cost members, you must use network providers for care to be covered by our Plan except in emergency or urgent care situations. You may use your Original Medicare coverage separate from your Health Plan benefits and obtain care from out-of-network providers. If you do so, ask the out-of-network provider to file a claim directly with Medicare. You are responsible for Medicare coinsurance, any unmet portion of deductibles, and, for charges from providers who do not participate in Medicare, amounts up to the Medicare limiting charge.

The network providers listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

To see a specialist, you usually need to get your PCP’s approval first. (This is called getting a “referral” to a specialist.) However, you do not need a referral to get specialty care from network providers in Ob-Gyn, optometry, psychiatry, and chemical dependency.

Bills from out-of-network providers

If you receive a bill from an out-of-network provider, you should not pay the bill. Send it to our Claims Department and they will let you know how much you have to pay.

Emergency and urgent care

If you have an emergency medical condition, call 911 or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world.

For ease and continuity of care, we encourage you to go to a Plan hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your out-of-network provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability. For Kaiser Permanente Medicare Cost members: If our plan does not cover the post-stabilization care, but Original Medicare does, you will pay the Original Medicare cost-sharing amount.
For Senior Advantage members: You must use network providers except in emergency or urgent care situations, or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Kaiser Permanente will be responsible for the costs.

For Kaiser Permanente Medicare Cost members: If you want your care to be covered by Kaiser Permanente, you must use network providers for care except in emergency or urgent care situations. You may use your Original Medicare coverage separate from your Health Plan benefits and get care from out-of-network providers. If you do so, ask the out-of-network provider to file a claim directly with Medicare. You will need to pay for Medicare coinsurance, any unpaid deductibles, and, for charges from providers who do not participate in Medicare, any costs up to the Medicare limiting charge.

Durable Medical Equipment Suppliers

Durable medical equipment (DME) requires prior authorization by the Medical Group ("prior authorization" means that the Medical Group must approve the services in advance). If your treating provider determines that it is medically necessary, then you will be authorized to receive DME consistent with the terms of your health coverage. Note: Durable medical equipment coverage is limited to the standard item of equipment that adequately meets your medical needs. We decide whether to rent or purchase the equipment, and we select the vendor. If you have any questions, please contact 1-855-80KPDME (1-855-805-7363).

Chiropractic Provider Directory

All providers listed in this directory are contracted chiropractors of American Specialty Health Plans of California, Inc. (ASH Plans). Contracted providers are California-licensed doctors of chiropractic who have open practices and are accepting new patients at the time of publication. Please note that board certifications are not offered to chiropractic providers. To make an appointment, please call the number listed for the chiropractor you want to see. For additional and current provider information, call ASH Plans Member Services at 1-800-678-9133 or 1-877-710-2746 (TTY for the deaf, hard of hearing, or speech impaired), from 5 a.m. to 6 p.m., Monday through Friday.

ASH Plans also offers a “Provider Search” through its website, ashlink.com/ash/kaisercamedicare. By typing in your address (home or work), you can find the ASH Plans providers who are nearest to you.

Information in this directory is subject to change without notice. Please verify with the chiropractor that he or she is still participating in the ASH Plans network before receiving services, or call ASH Plans Member Services to verify which chiropractors are currently eligible.
