

Kaiser Permanente 2019 Sample Fee List*

GEORGIA

What's a Sample Fee List?

Knowing how much you can expect to pay for care and services can help give you peace of mind. As a deductible member, you can use this list to help estimate what you might pay for medical services at Kaiser Permanente facilities.†

The fees listed here are the maximum amounts you may pay for each professional service, and do not include fees for facility or other services. The amount you're charged may be different depending on the care you get, facility (medical center or hospital), your plan, and if you've reached your deductible or out-of-pocket maximum.

Keep in mind that some services may also require related services that have additional costs, like an earwax cleaning ordered by your doctor during a hearing evaluation.

How does your deductible plan work?

As a deductible member, you'll pay the full charges for covered services until you reach a set amount known as your deductible. After you reach your deductible, you'll start paying less – just a copay or coinsurance for the rest of the year. Depending on your plan, you may pay copays or coinsurance for some services without having to reach your deductible.

You also have an out-of-pocket maximum. If you reach your maximum, you won't have to pay for covered services for the rest of the year. For a small number of services, you may need to keep paying copays or coinsurance after reaching your out-of-pocket maximum.

Here's an example of how the costs of some services may change throughout the year:

Service	Before deductible, you pay	After deductible, you pay	After out-of-pocket maximum, you pay
X-ray of knee	\$56	Copay or coinsurance (e.g. \$10 or 20%)	\$0
Ultrasound of pelvis	\$200	Copay or coinsurance (e.g. \$10 or 20%)	\$0
Stress test	\$113	Copay or coinsurance (e.g. \$10 or 20%)	\$0

How can you use the Sample Fee List?

You can use this resource to help you:

- Choose the right Kaiser Permanente deductible plan for you during open enrollment.
- Estimate your out-of-pocket costs for medical services before and after you reach your deductible.
- Estimate your spending on upcoming medical services if your plan comes with a flexible spending account (FSA), health incentive account (HIA), health reimbursement arrangement (HRA), or health savings account (HSA).
